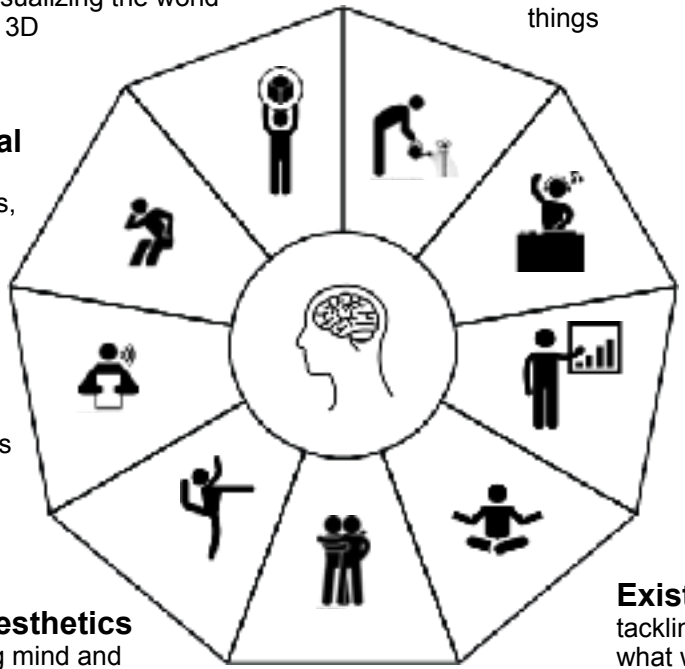
Theory of Multiple Intelligence
By Howard Gardner



Spatial
Visualizing the world in 3D

Naturalistic
Understanding living things

Intra-personal
understanding yourself, feelings, wants

Musical
Discerning sounds, pitch, tone, rhythm

Linguistic
finding the right words to express yourself.

Logical
Quantifying things, hypothesizing and proving

Body Kinesthetics
Coordinating mind and body

Existential
tackling questions of what we live and die

Interpersonal
Sensing others feelings
