What are we responsible for?

Decolonizing Design

A close-up, high-resolution photograph of a Na'vi character's face, likely Neytiri from the movie Avatar. The character has blue skin and large, expressive yellow-green eyes. The face is adorned with intricate, glowing blue patterns that resemble constellations or star maps, particularly around the eyes and across the forehead. The background is dark and out of focus, with soft, ethereal green and blue light filtering through, suggesting a forest or cave environment. The overall mood is serene and mystical.

A little pick me up

A photograph of Rihanna at an awards ceremony. She is wearing a green, sequined, spaghetti-strap dress and large hoop earrings. She is holding a golden trophy in her right hand and speaking into a microphone. The background is dark with blue vertical light streaks.

THANK YOU GUYS FOR BEING SO SUPPORTIVE.
