

Designers in Team building

Visualization and
Problem-solving skill
lead strong teams

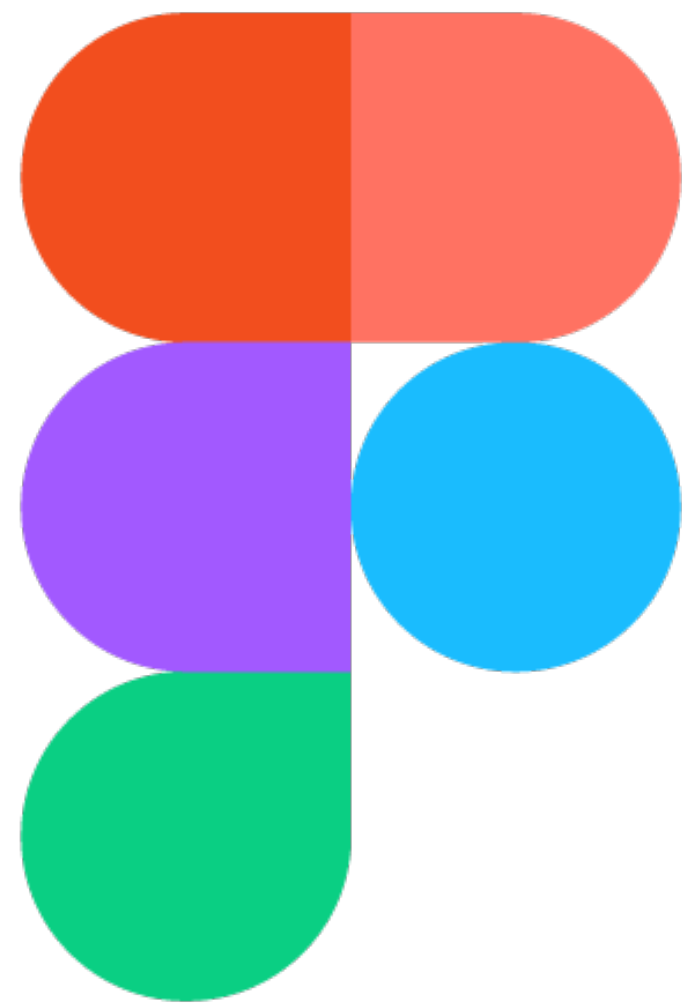

MIKI ISHIJIMA

Introduction

I have a question.

Does anyone
use Figma?

Collaborative tool

Designers are also
professions of collaboration.

My history

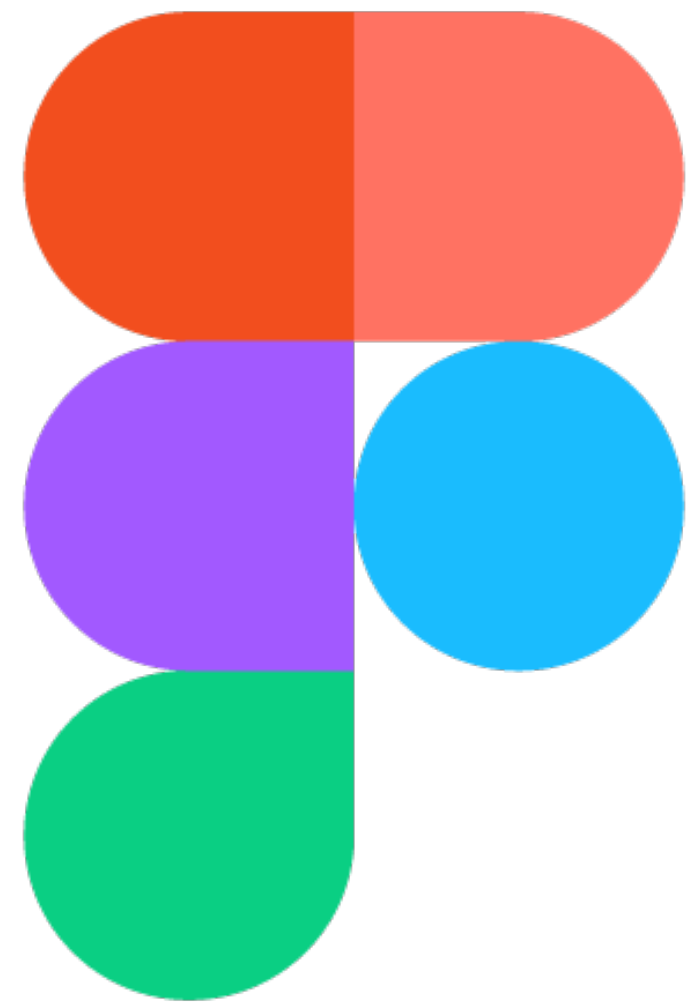

Self introduction

Have you experienced
any team building
failures?

Human interactions

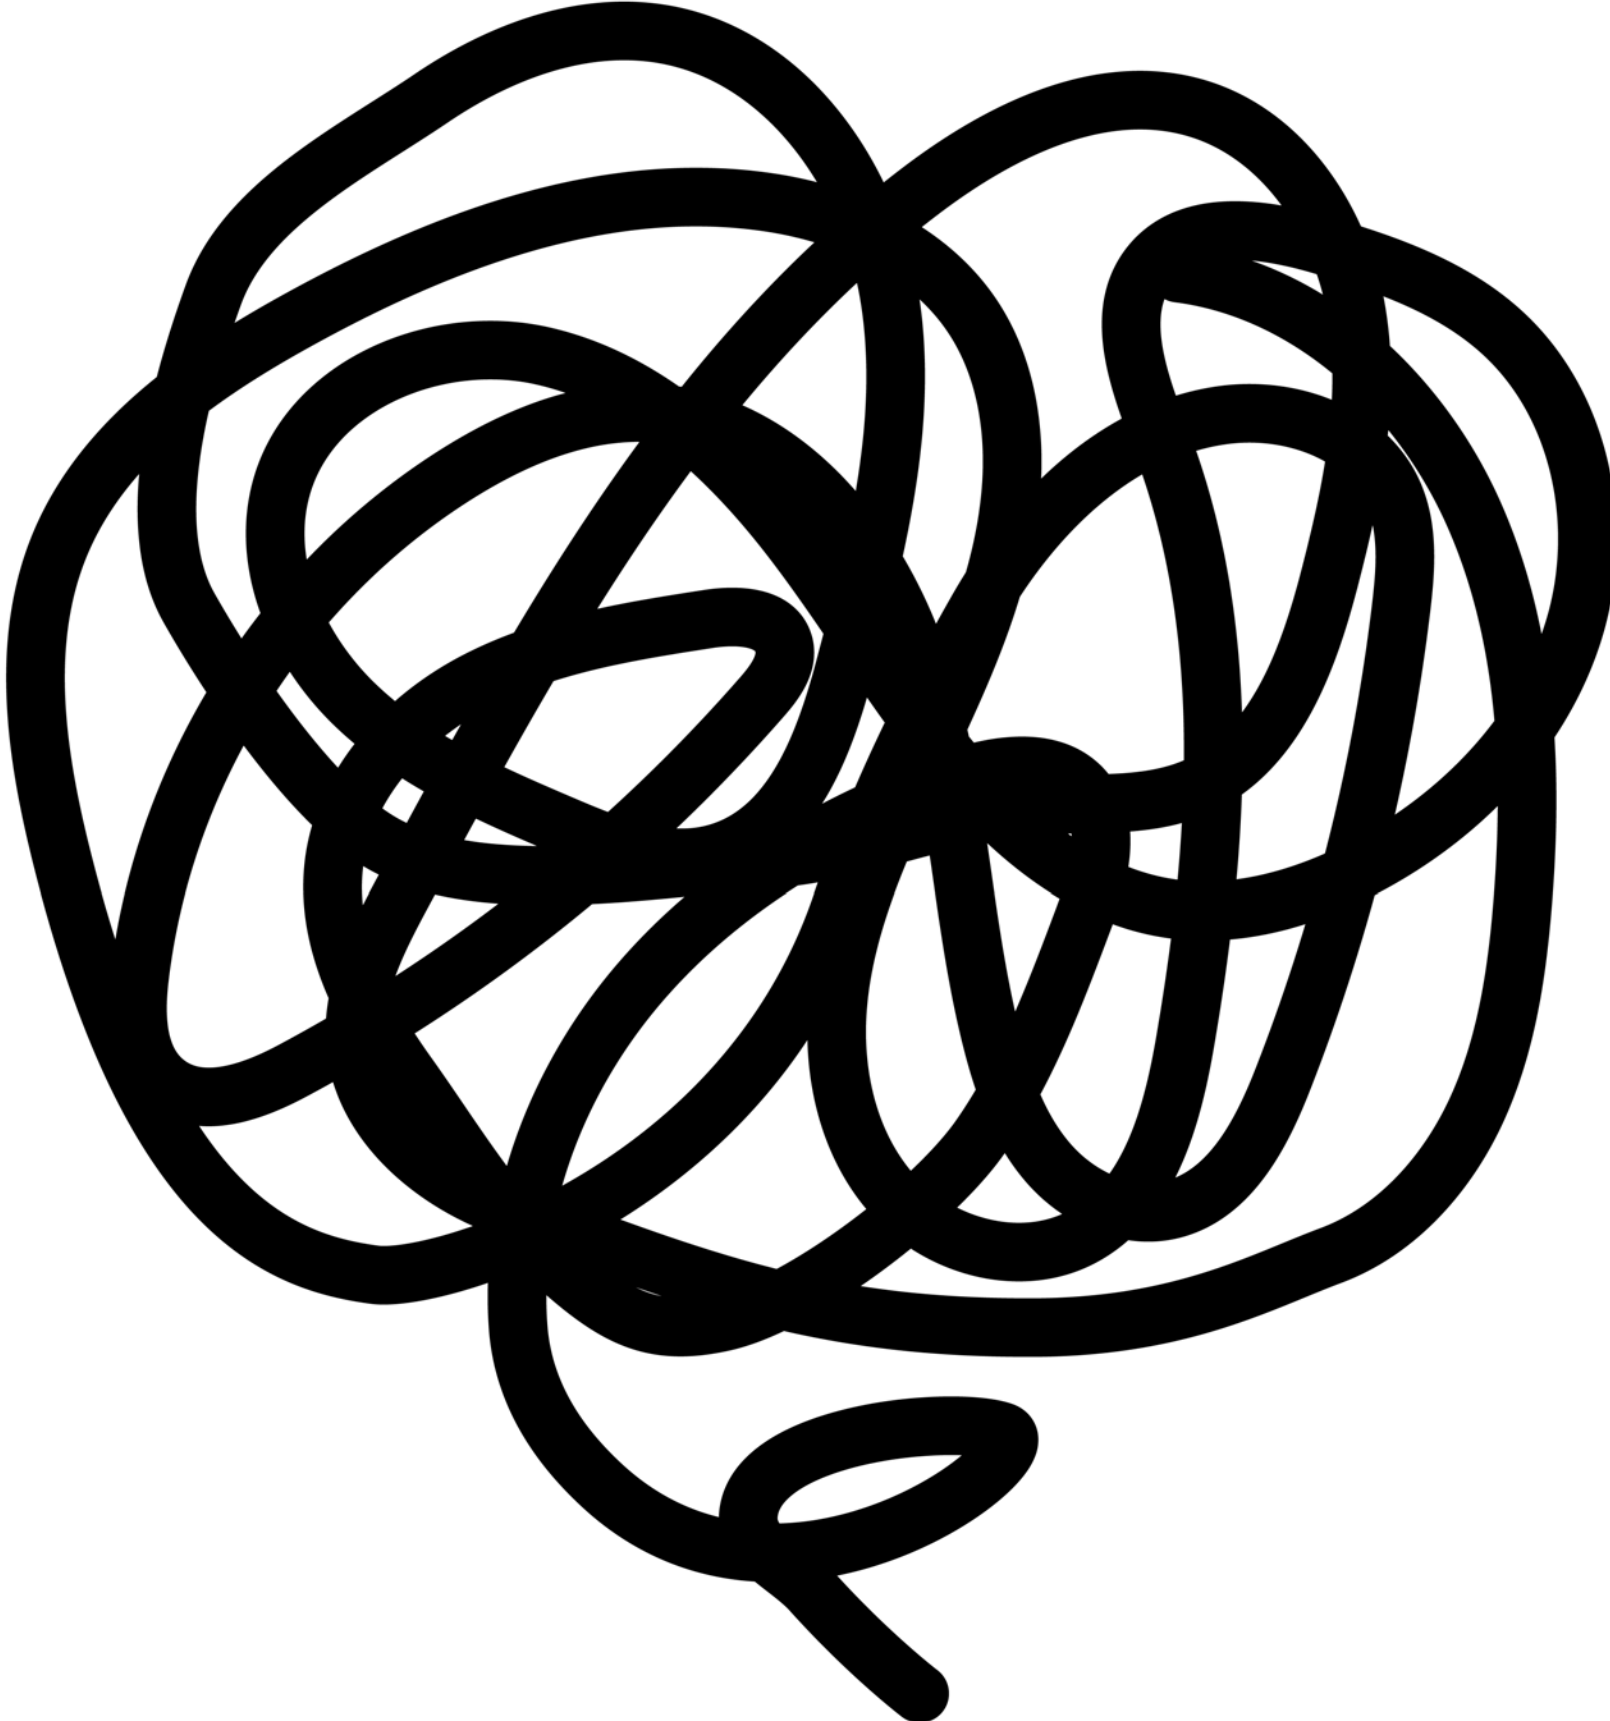

Pros and cons of team
working

What is failure in team building?

Team building problems

Too complex
problems

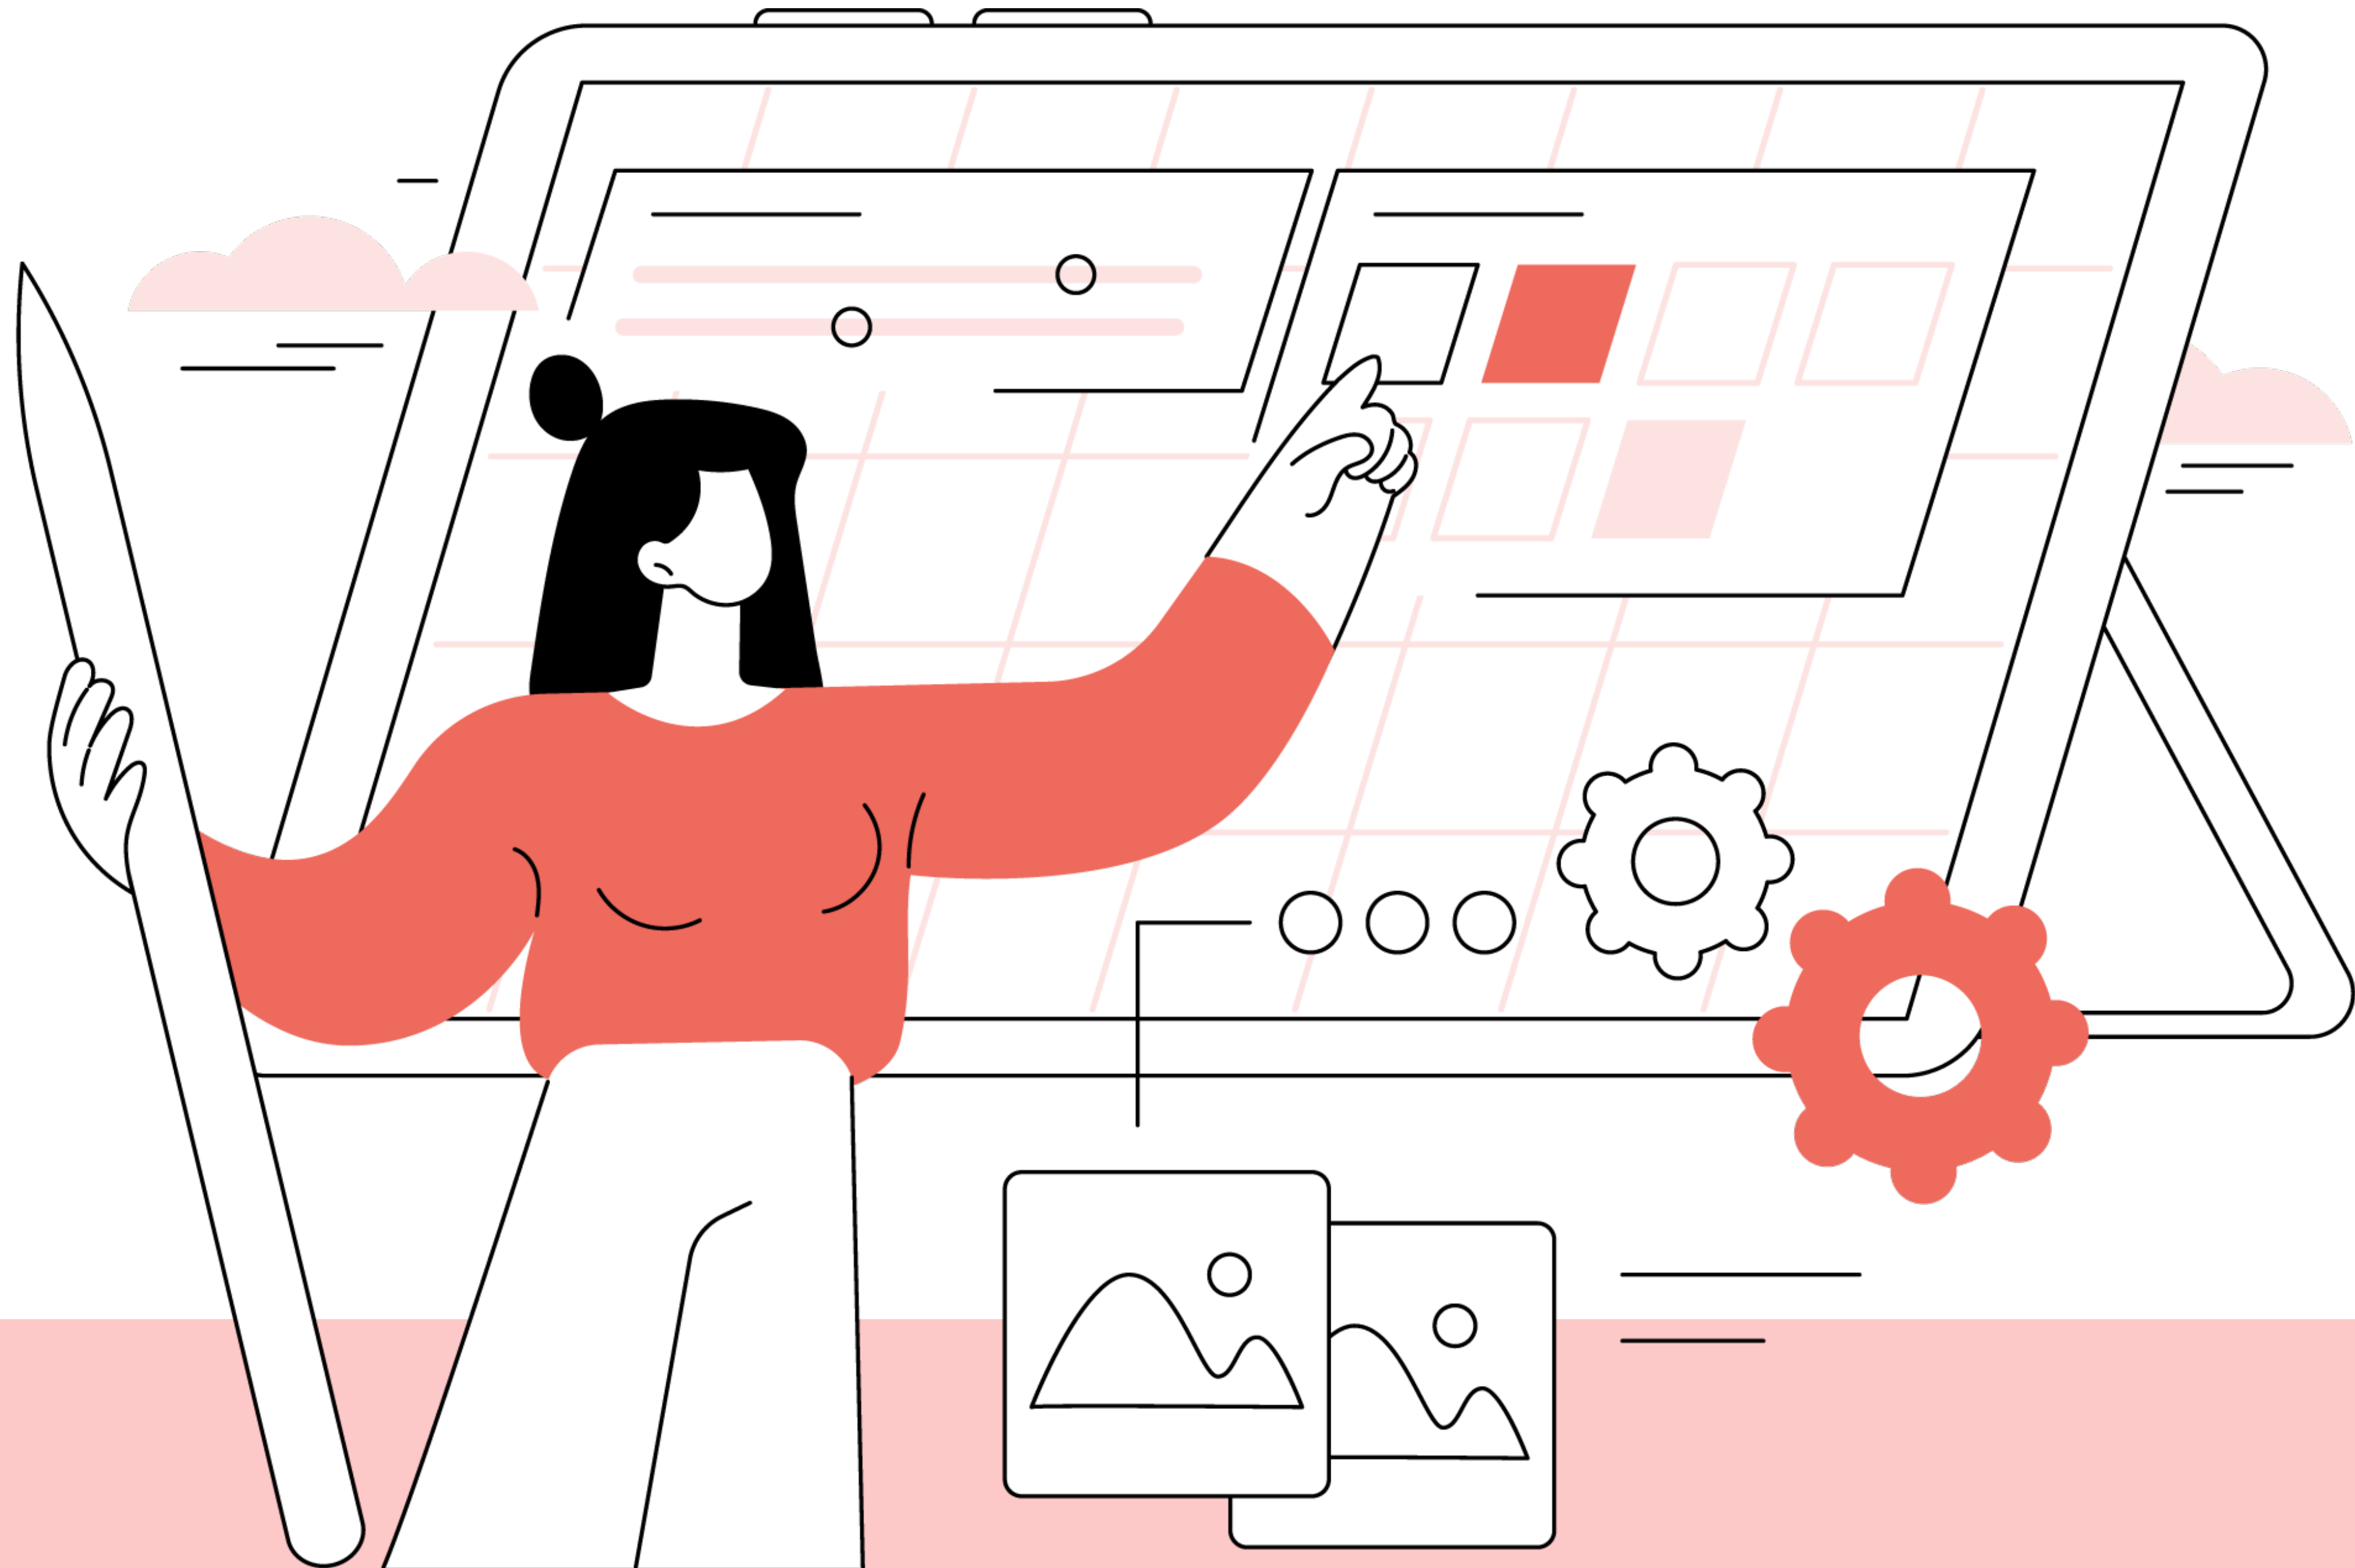

No concerns

No approaches

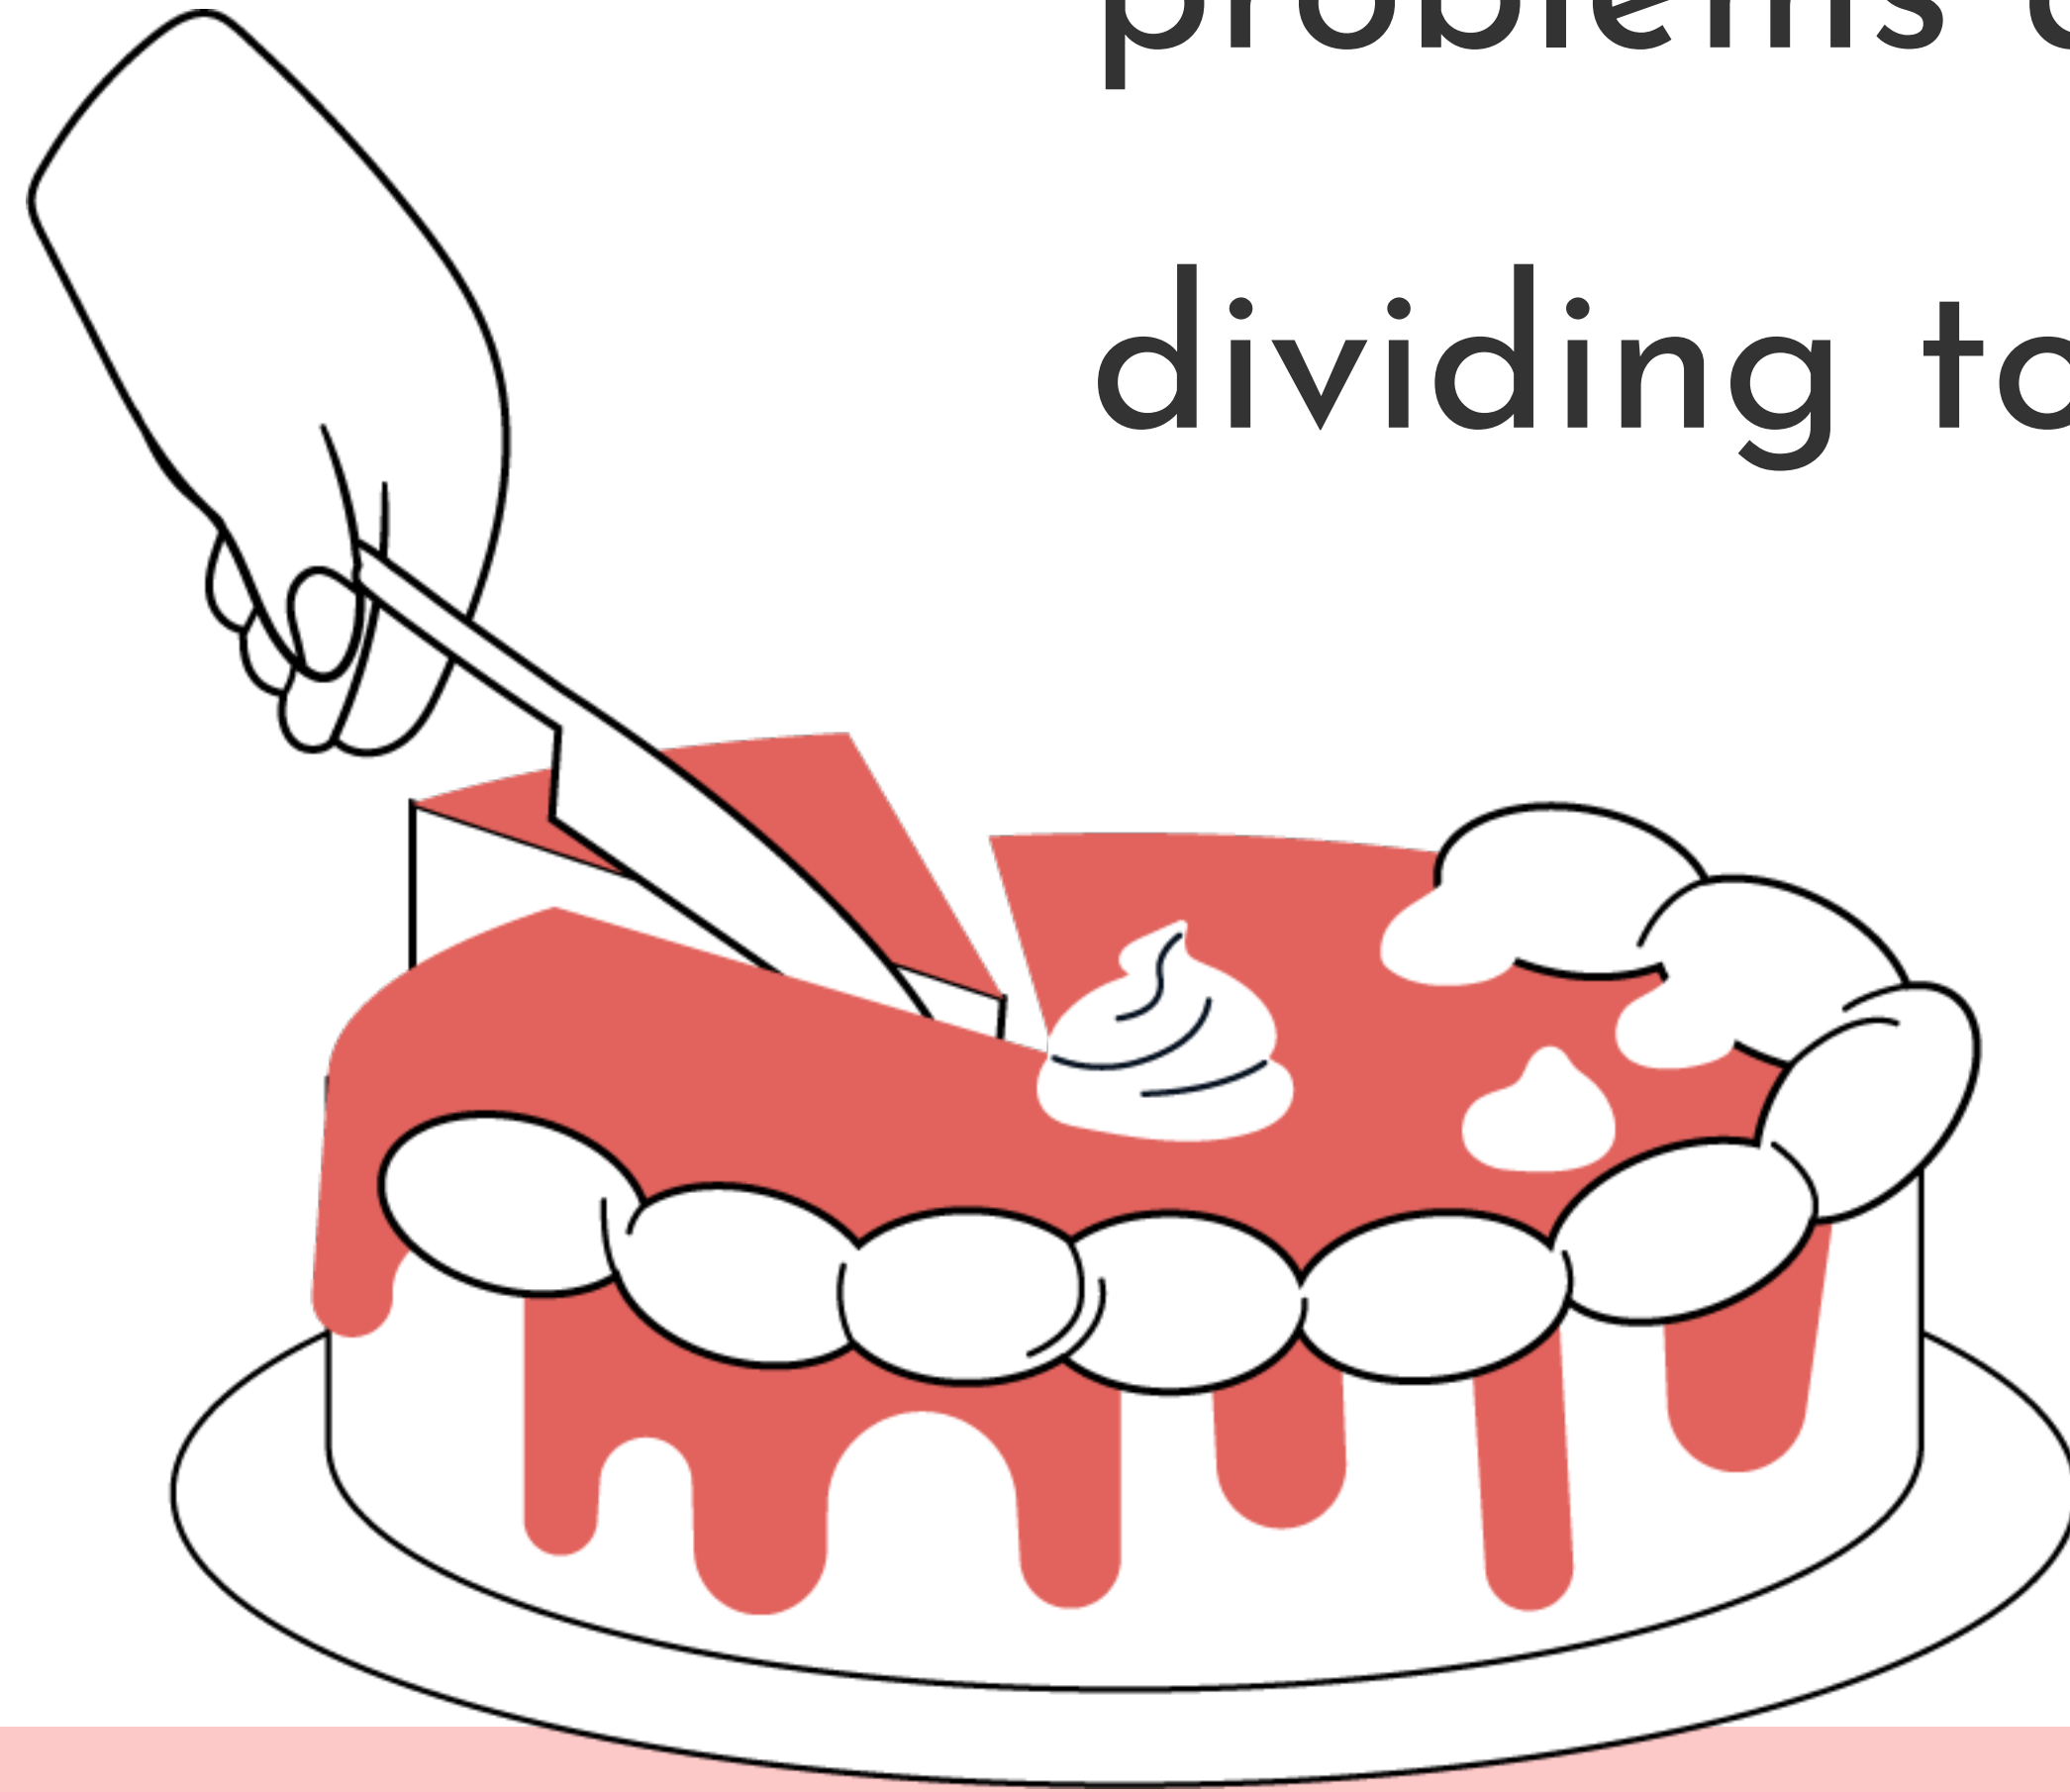

How designers
work?

Problem segmentation

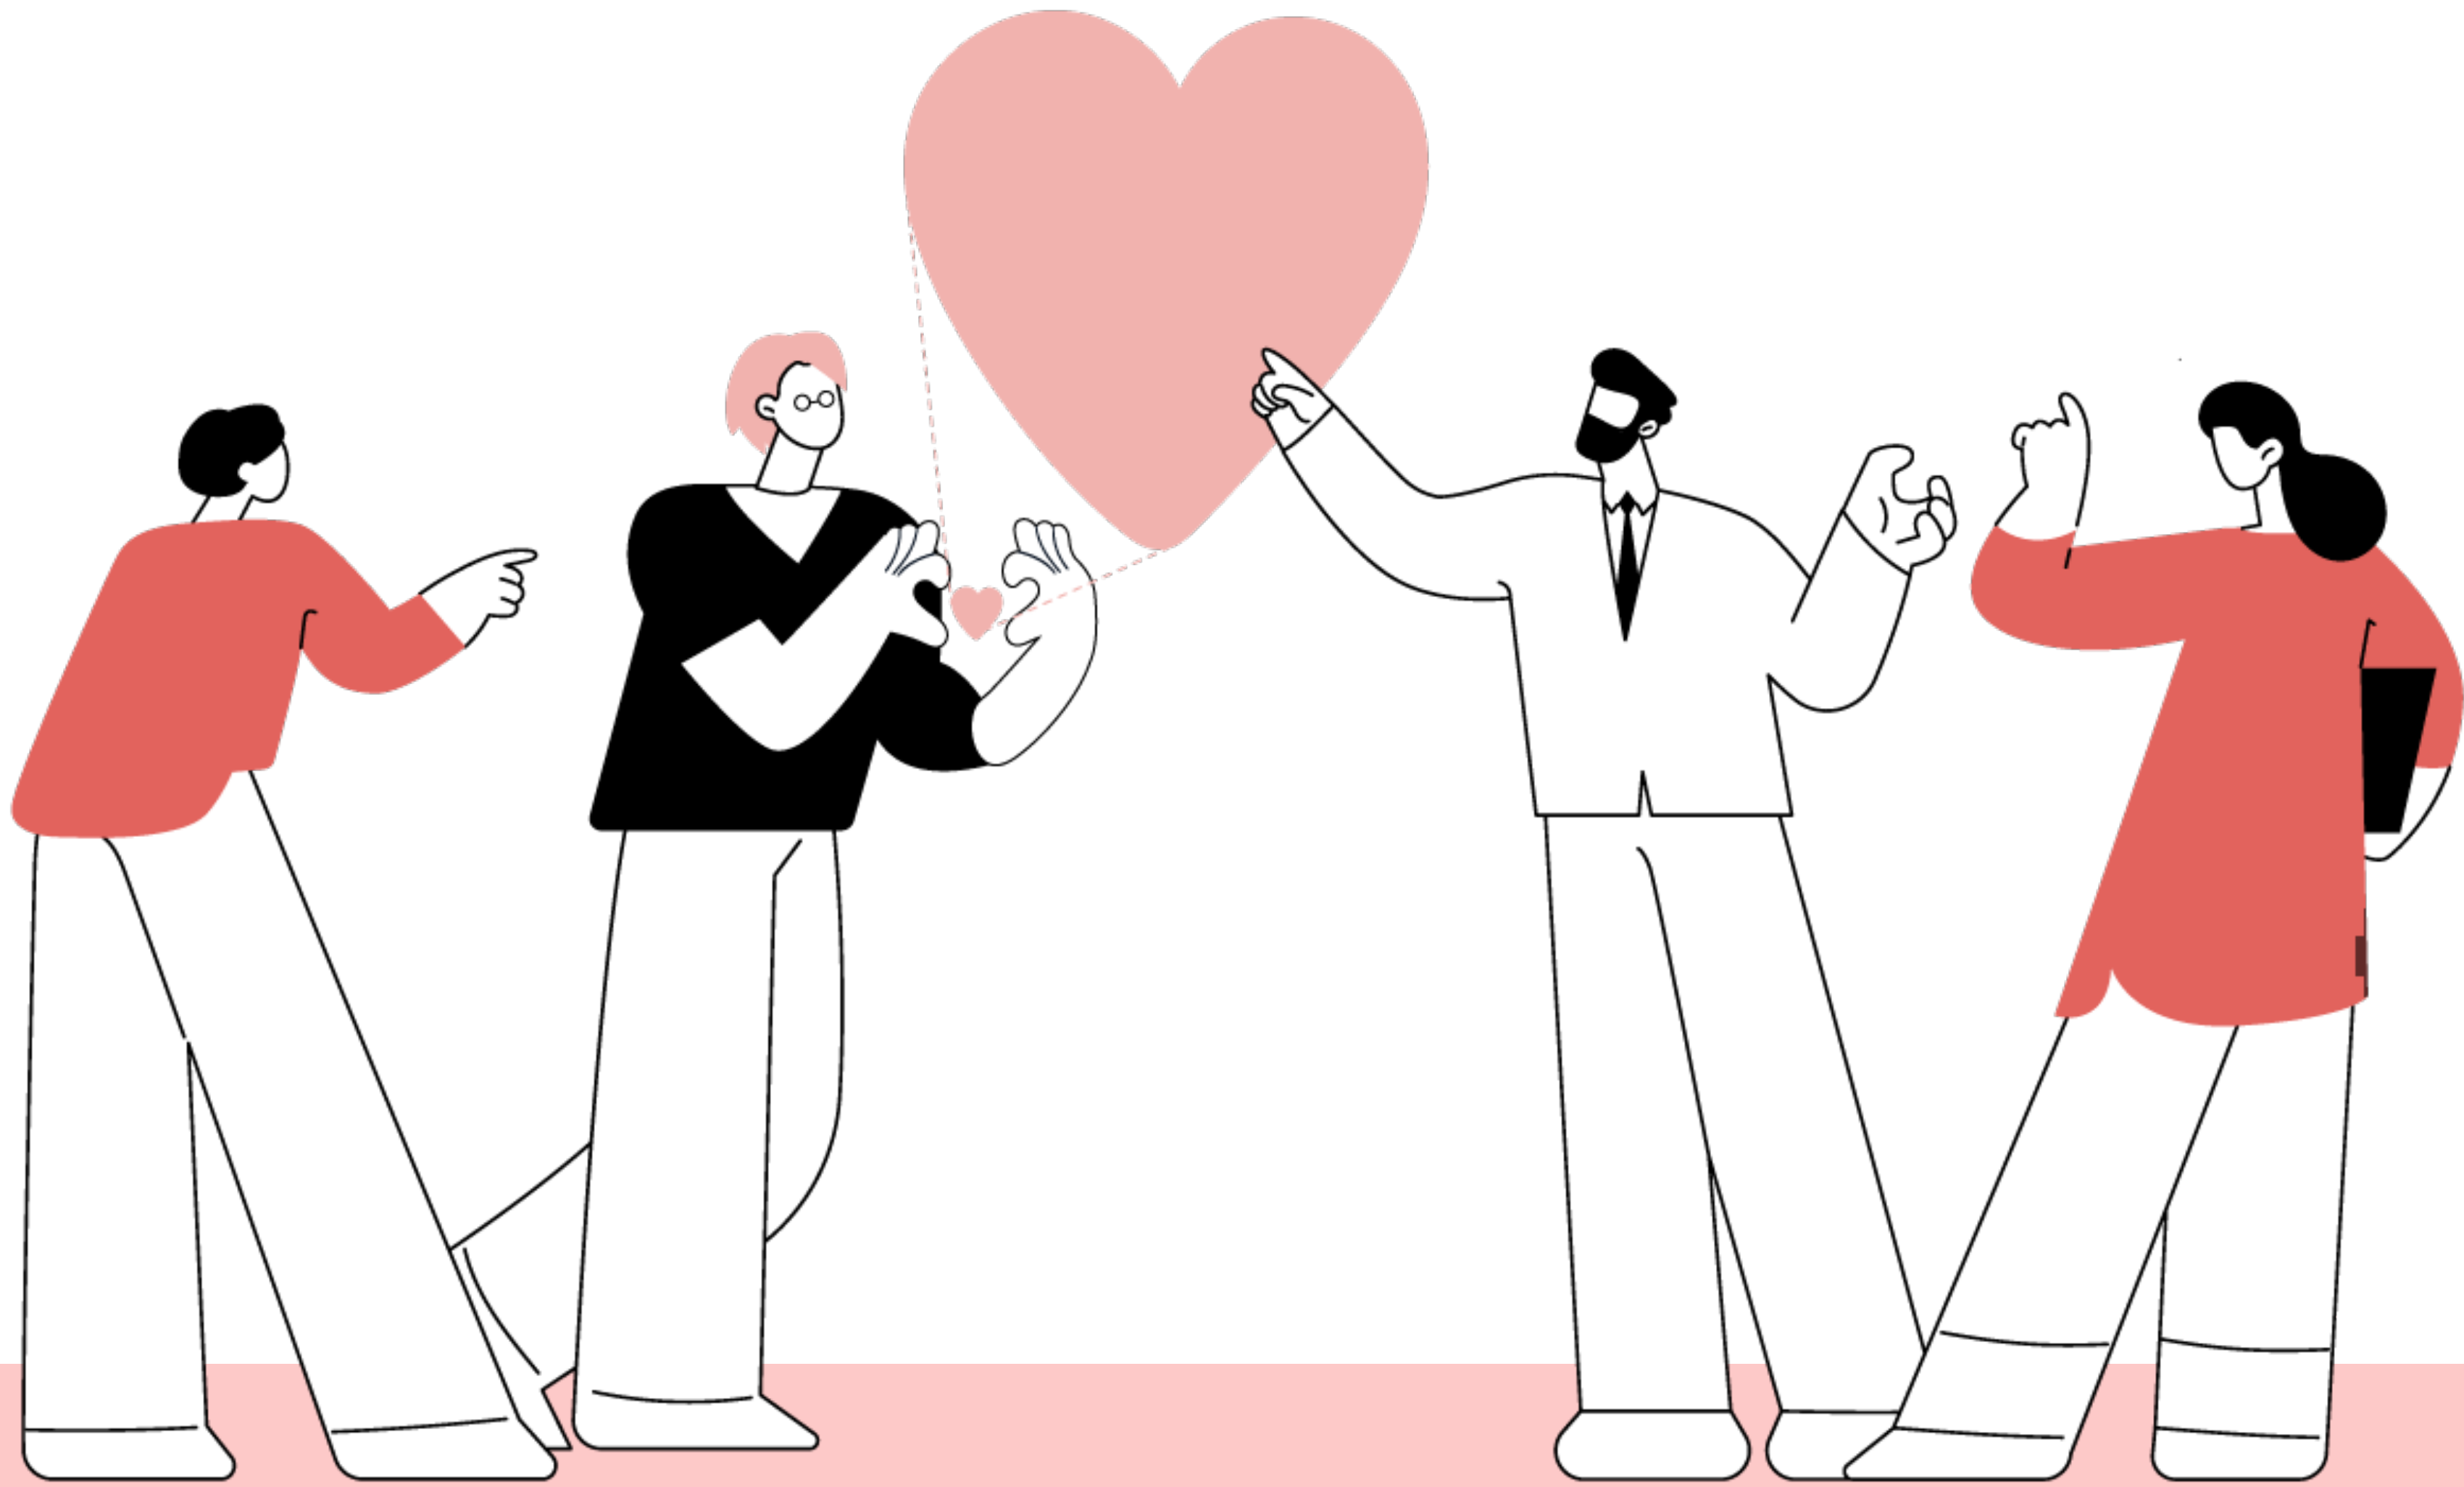

problems and
dividing to handle it.

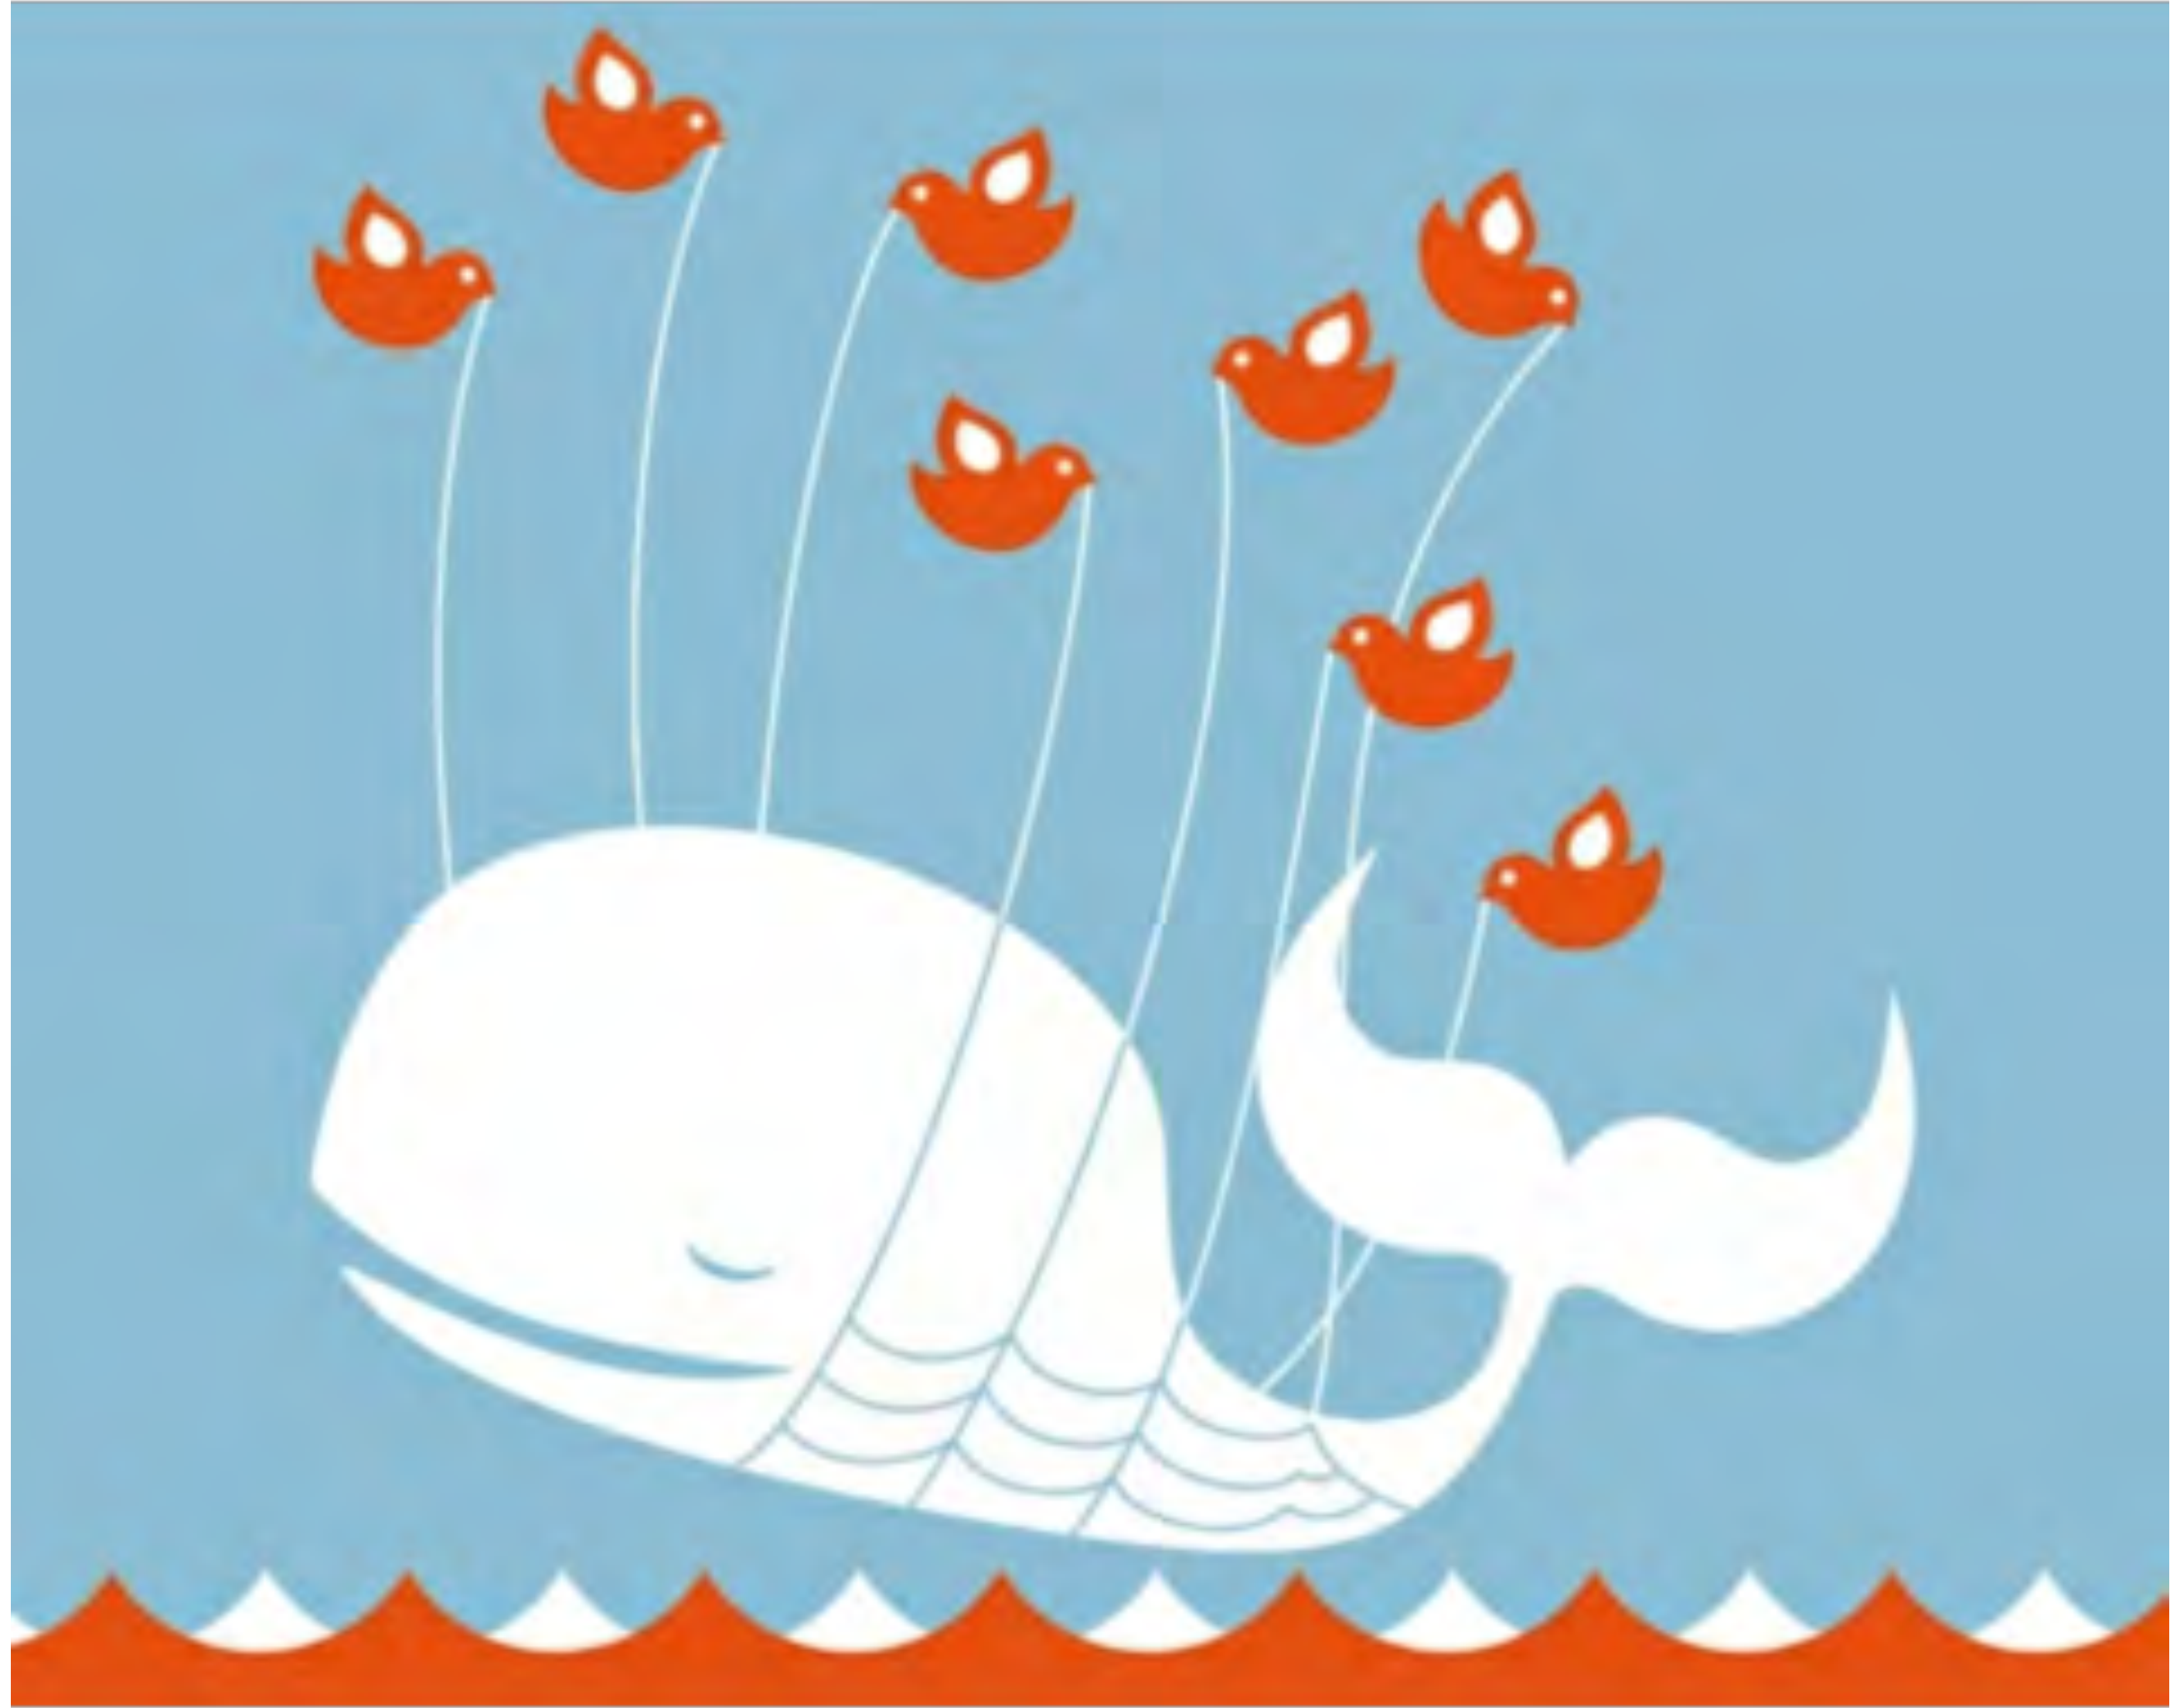

Strengthen the connection

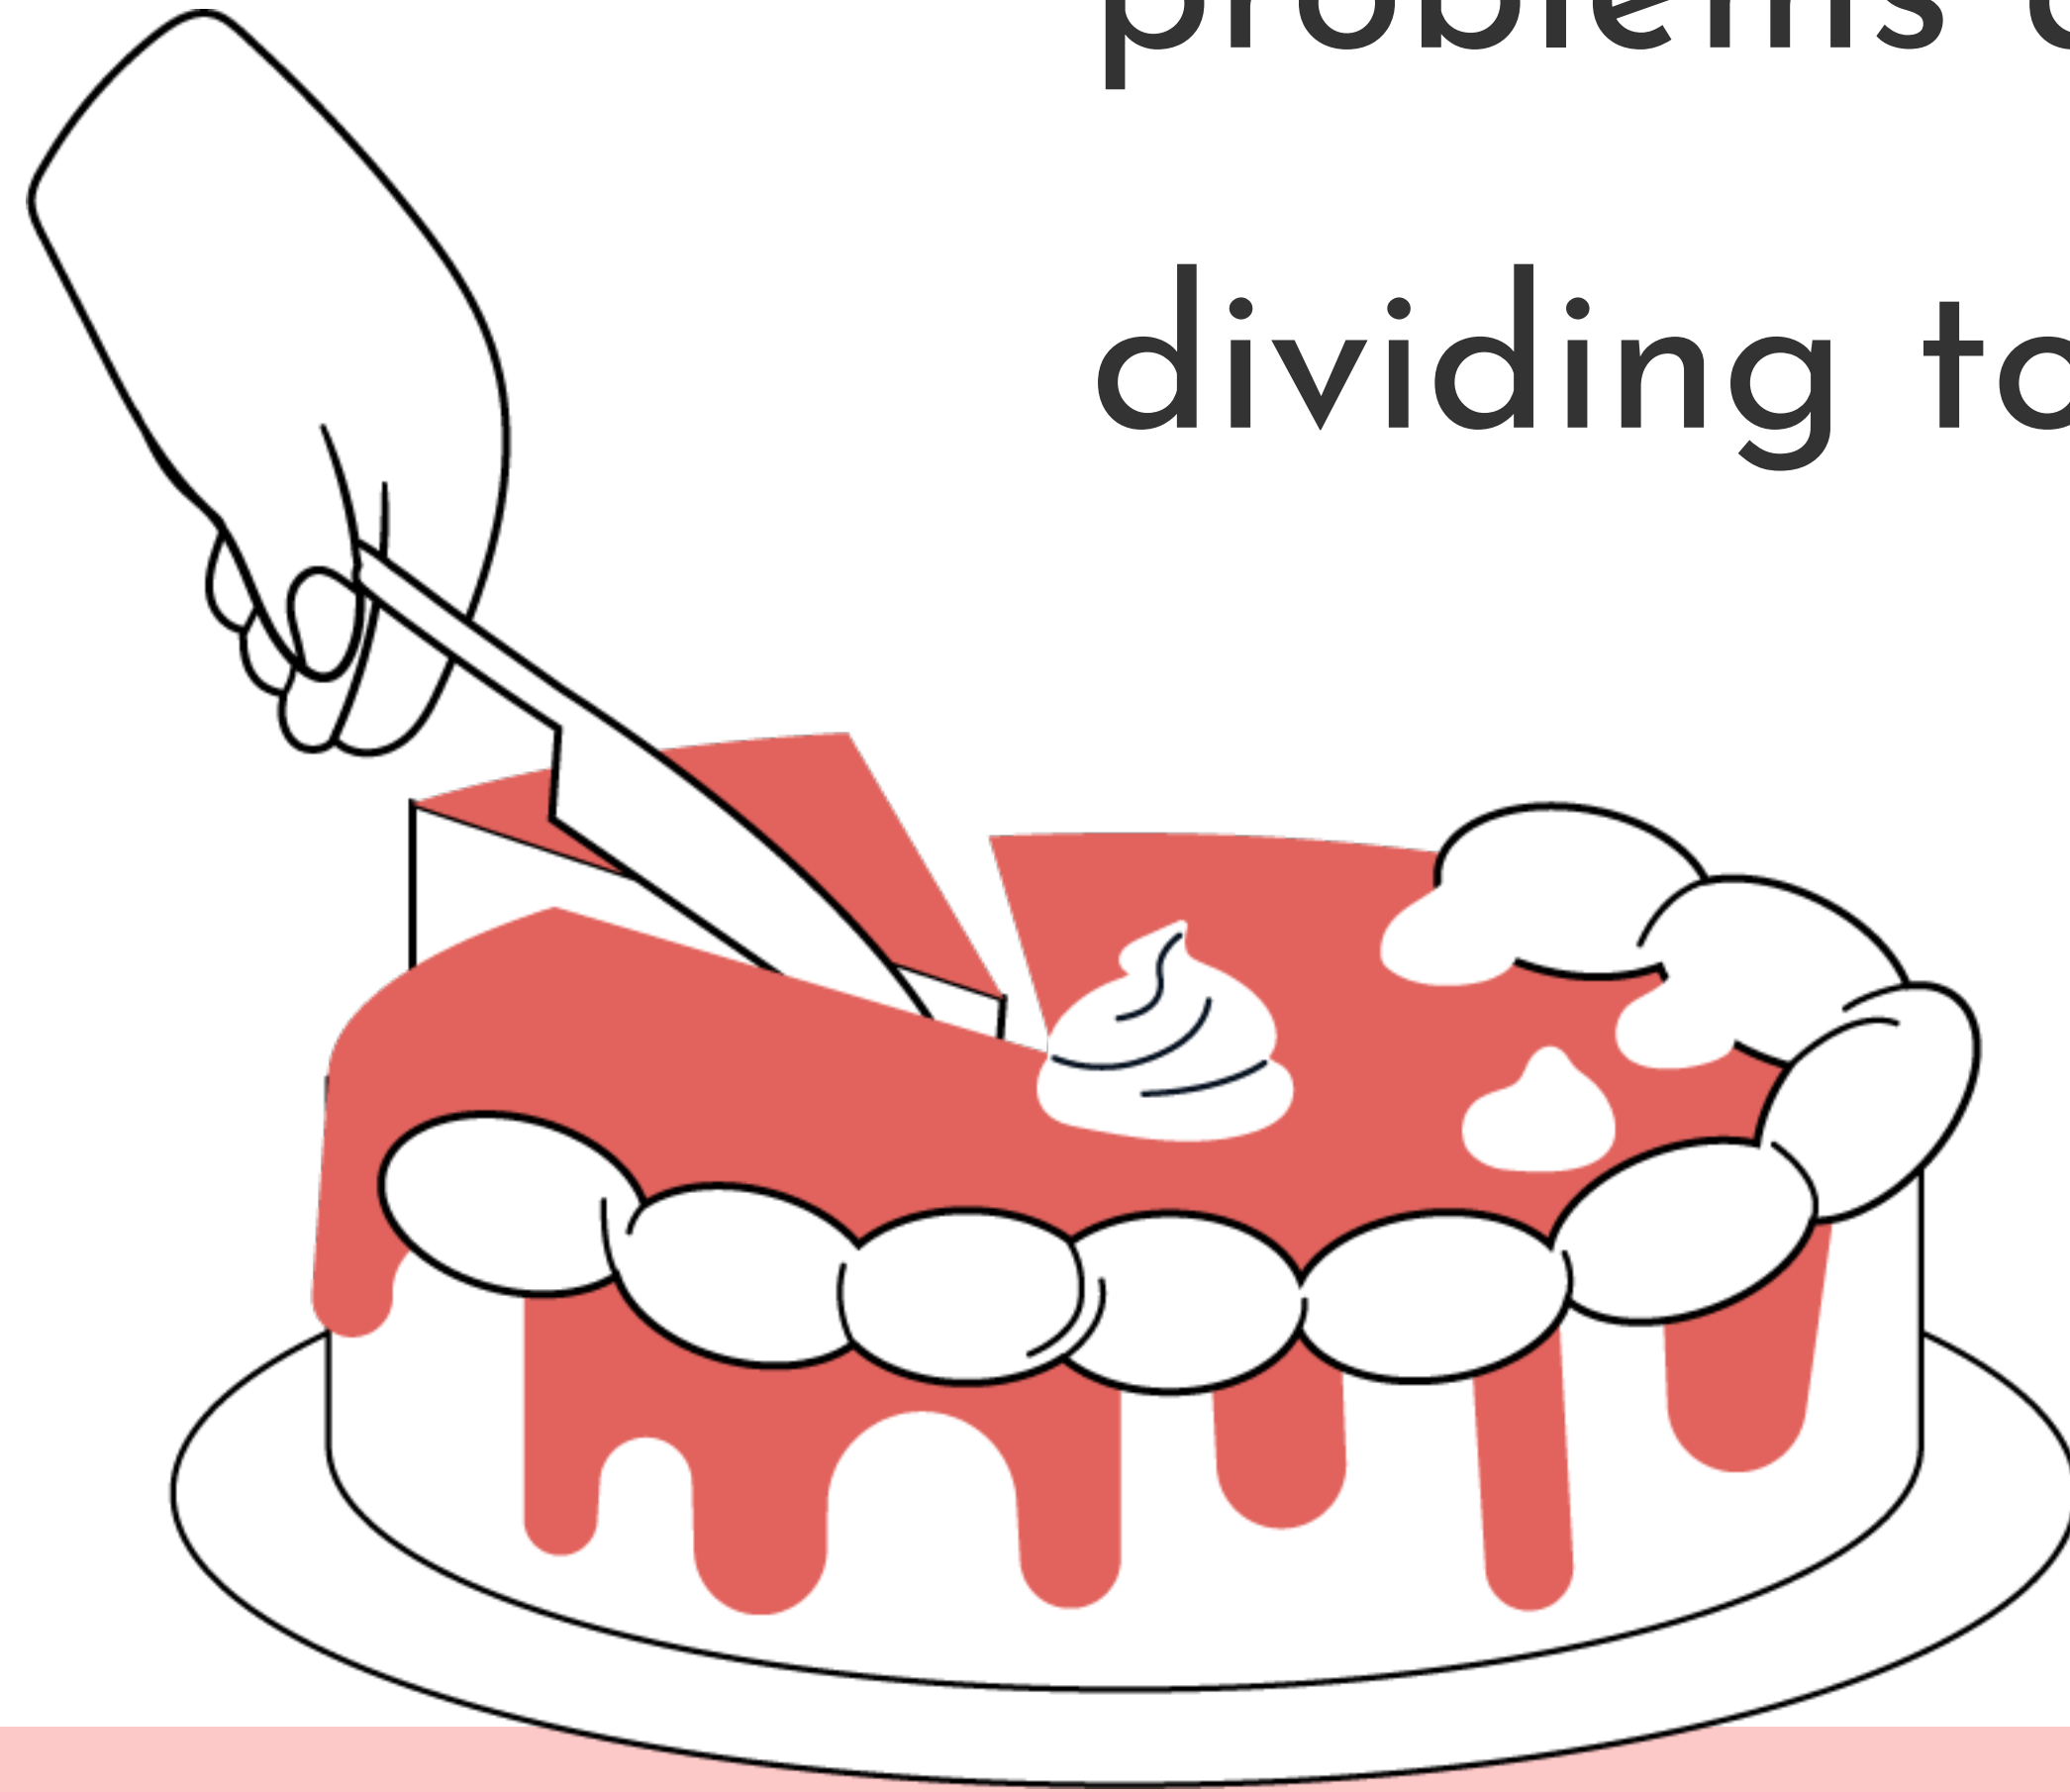

Find approaches

problems and
dividing to handle it.

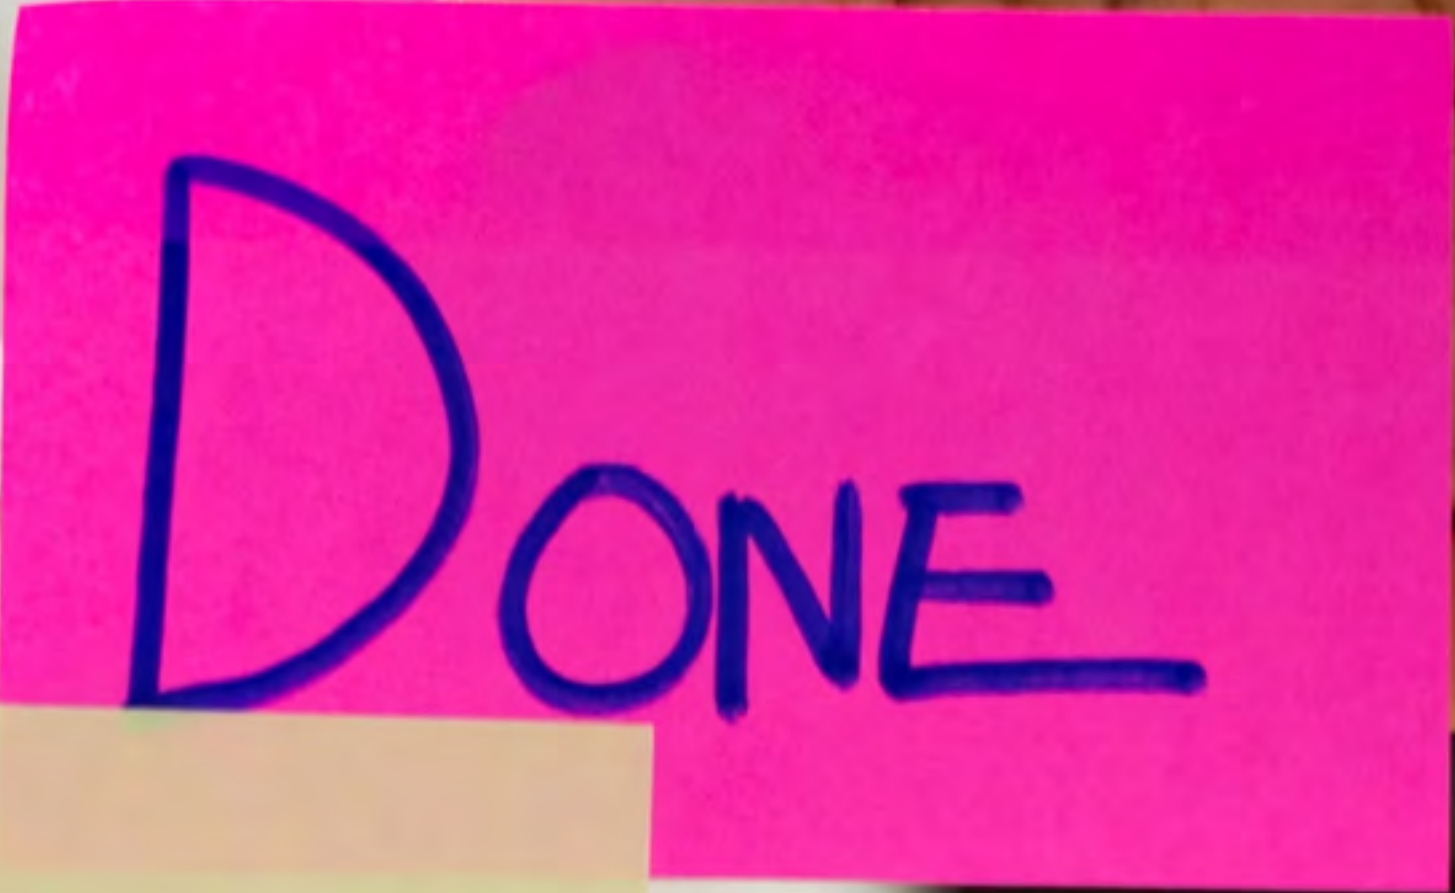

6 months
excel challenge
