

Katsutaro Eimaeda / YUMEMI

This session is all about exploration

Do you know about Systemic Design?

What is a "System"?

We are all part of one system.

Hello! I'm Katsutaro

self-introduction

set the context

set the context

. . In Sun ontant to understand how it affects the entire system.

I aspire to practice systemic design together with everyone involved in design.

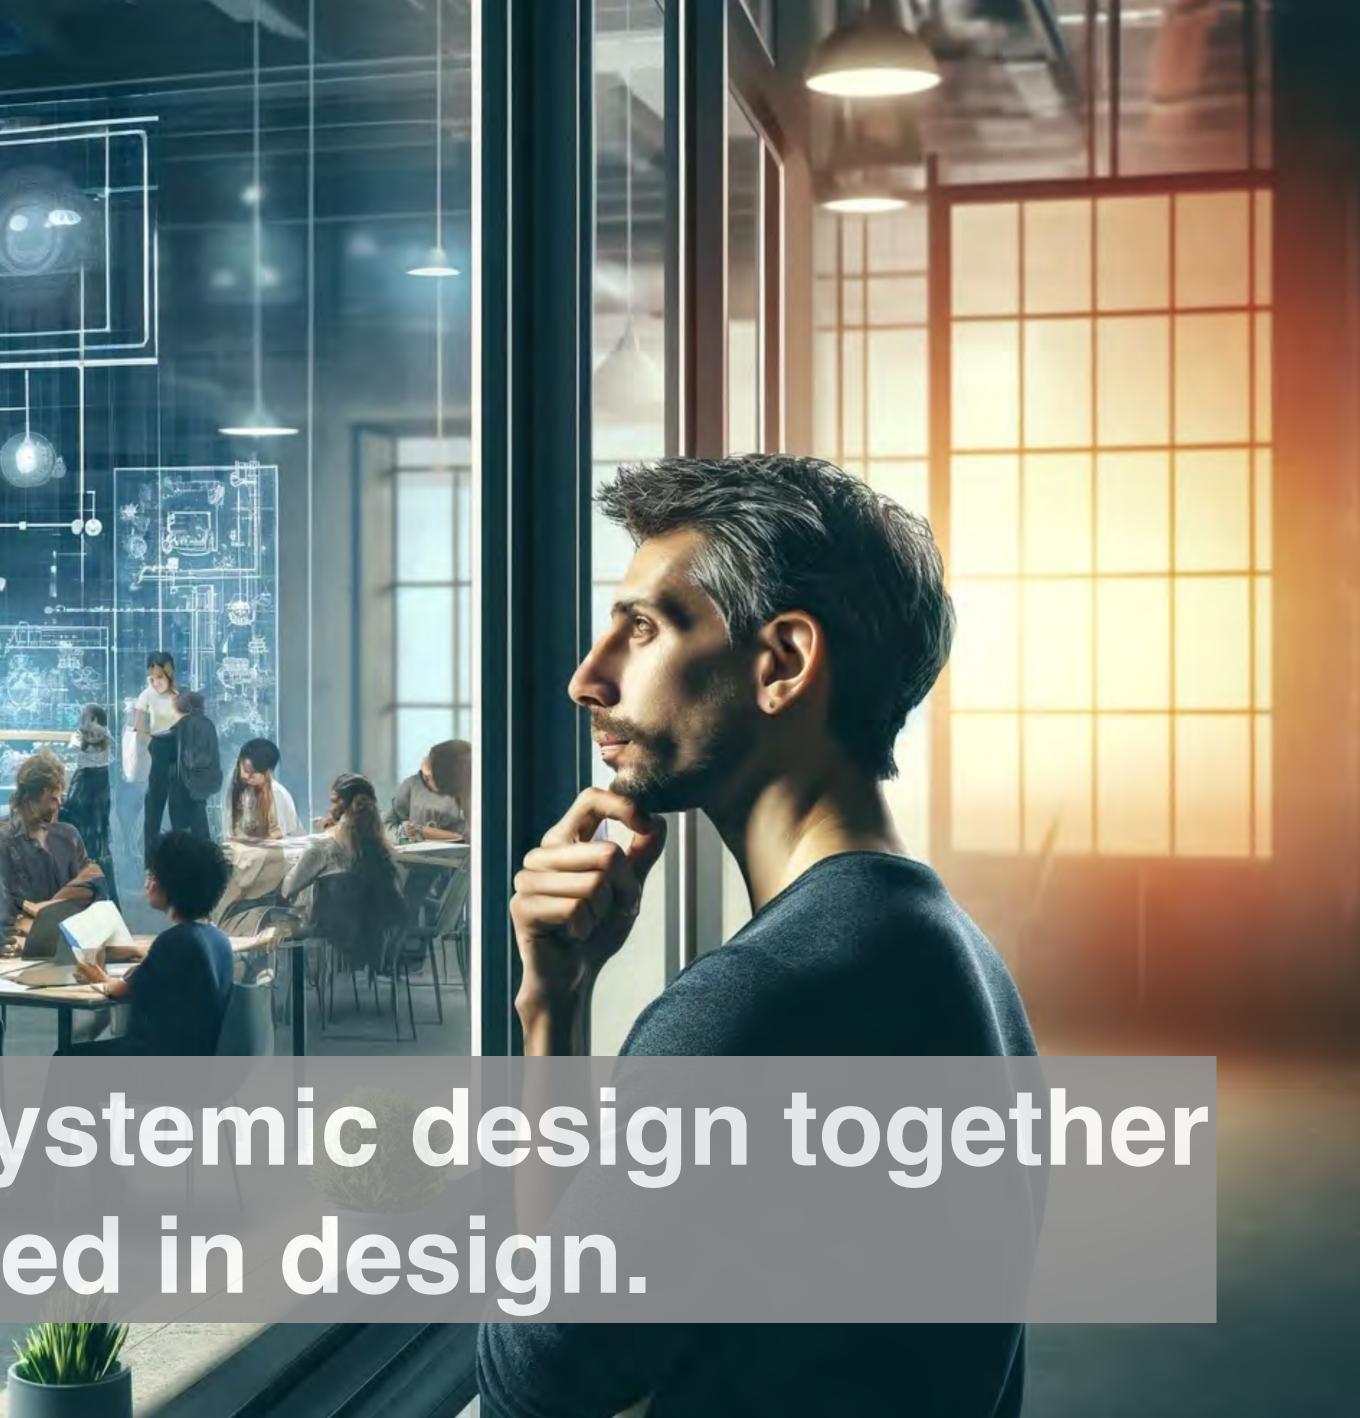

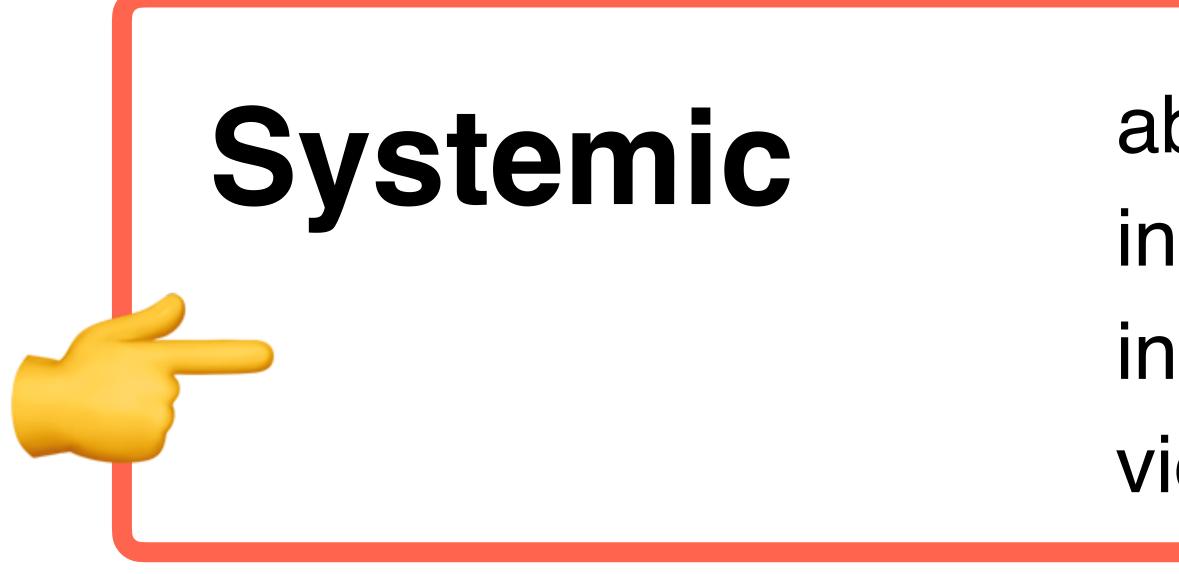

Table of Contents

- 1. Opening / Introduction
- 2. Set the Context
- 3. About Systemic Design
- 4. Specific Example

5. The Changing Role of Designers

Systematic at an ab

about the overall system and its interactions, often highlighting interconnectedness and holistic views.

about order, methods, and processes, focusing on structured and organized approaches.

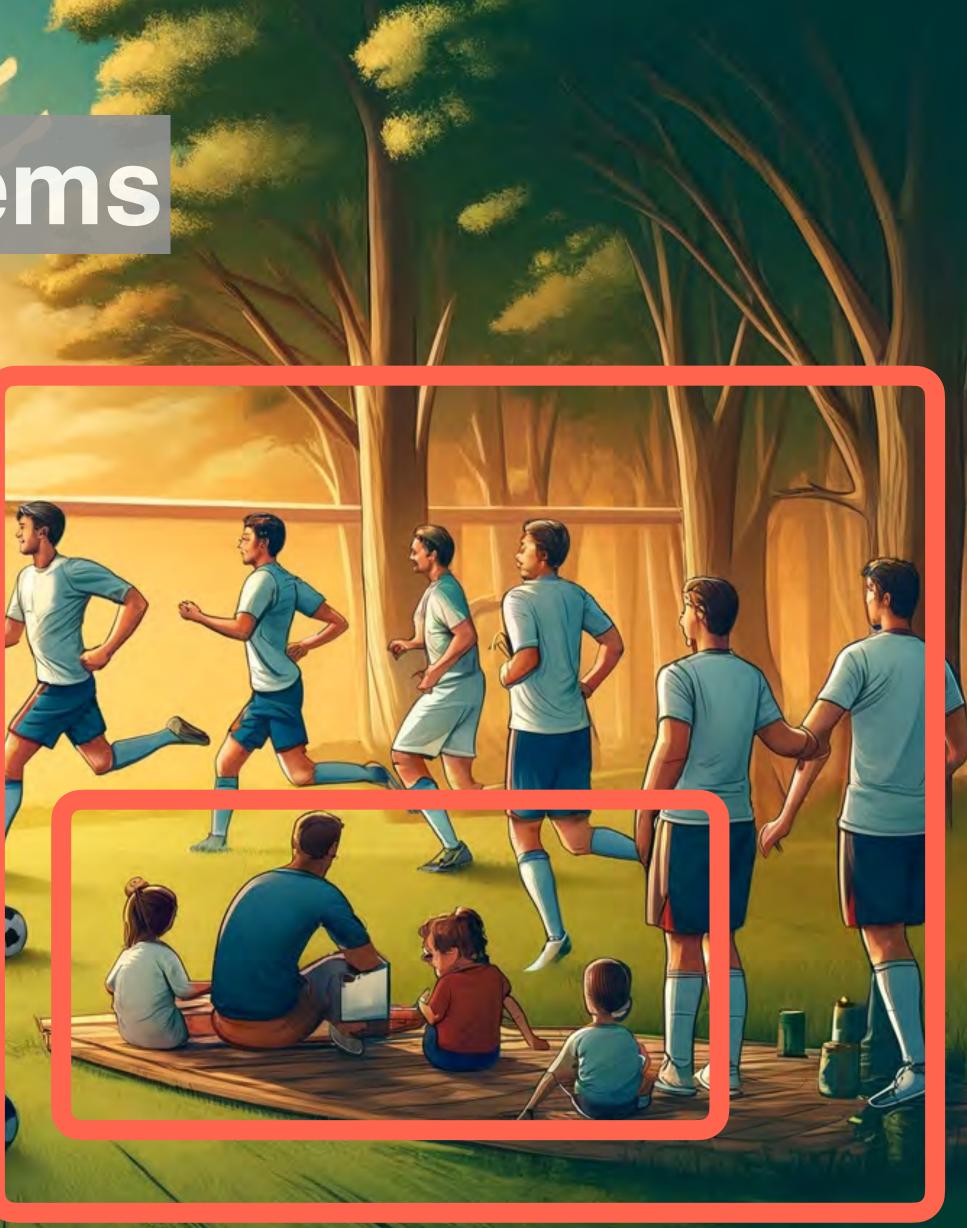

The whole is more important than the individual parts.

These are systems

What systems do you have?

What kind of relationships do these systems have?

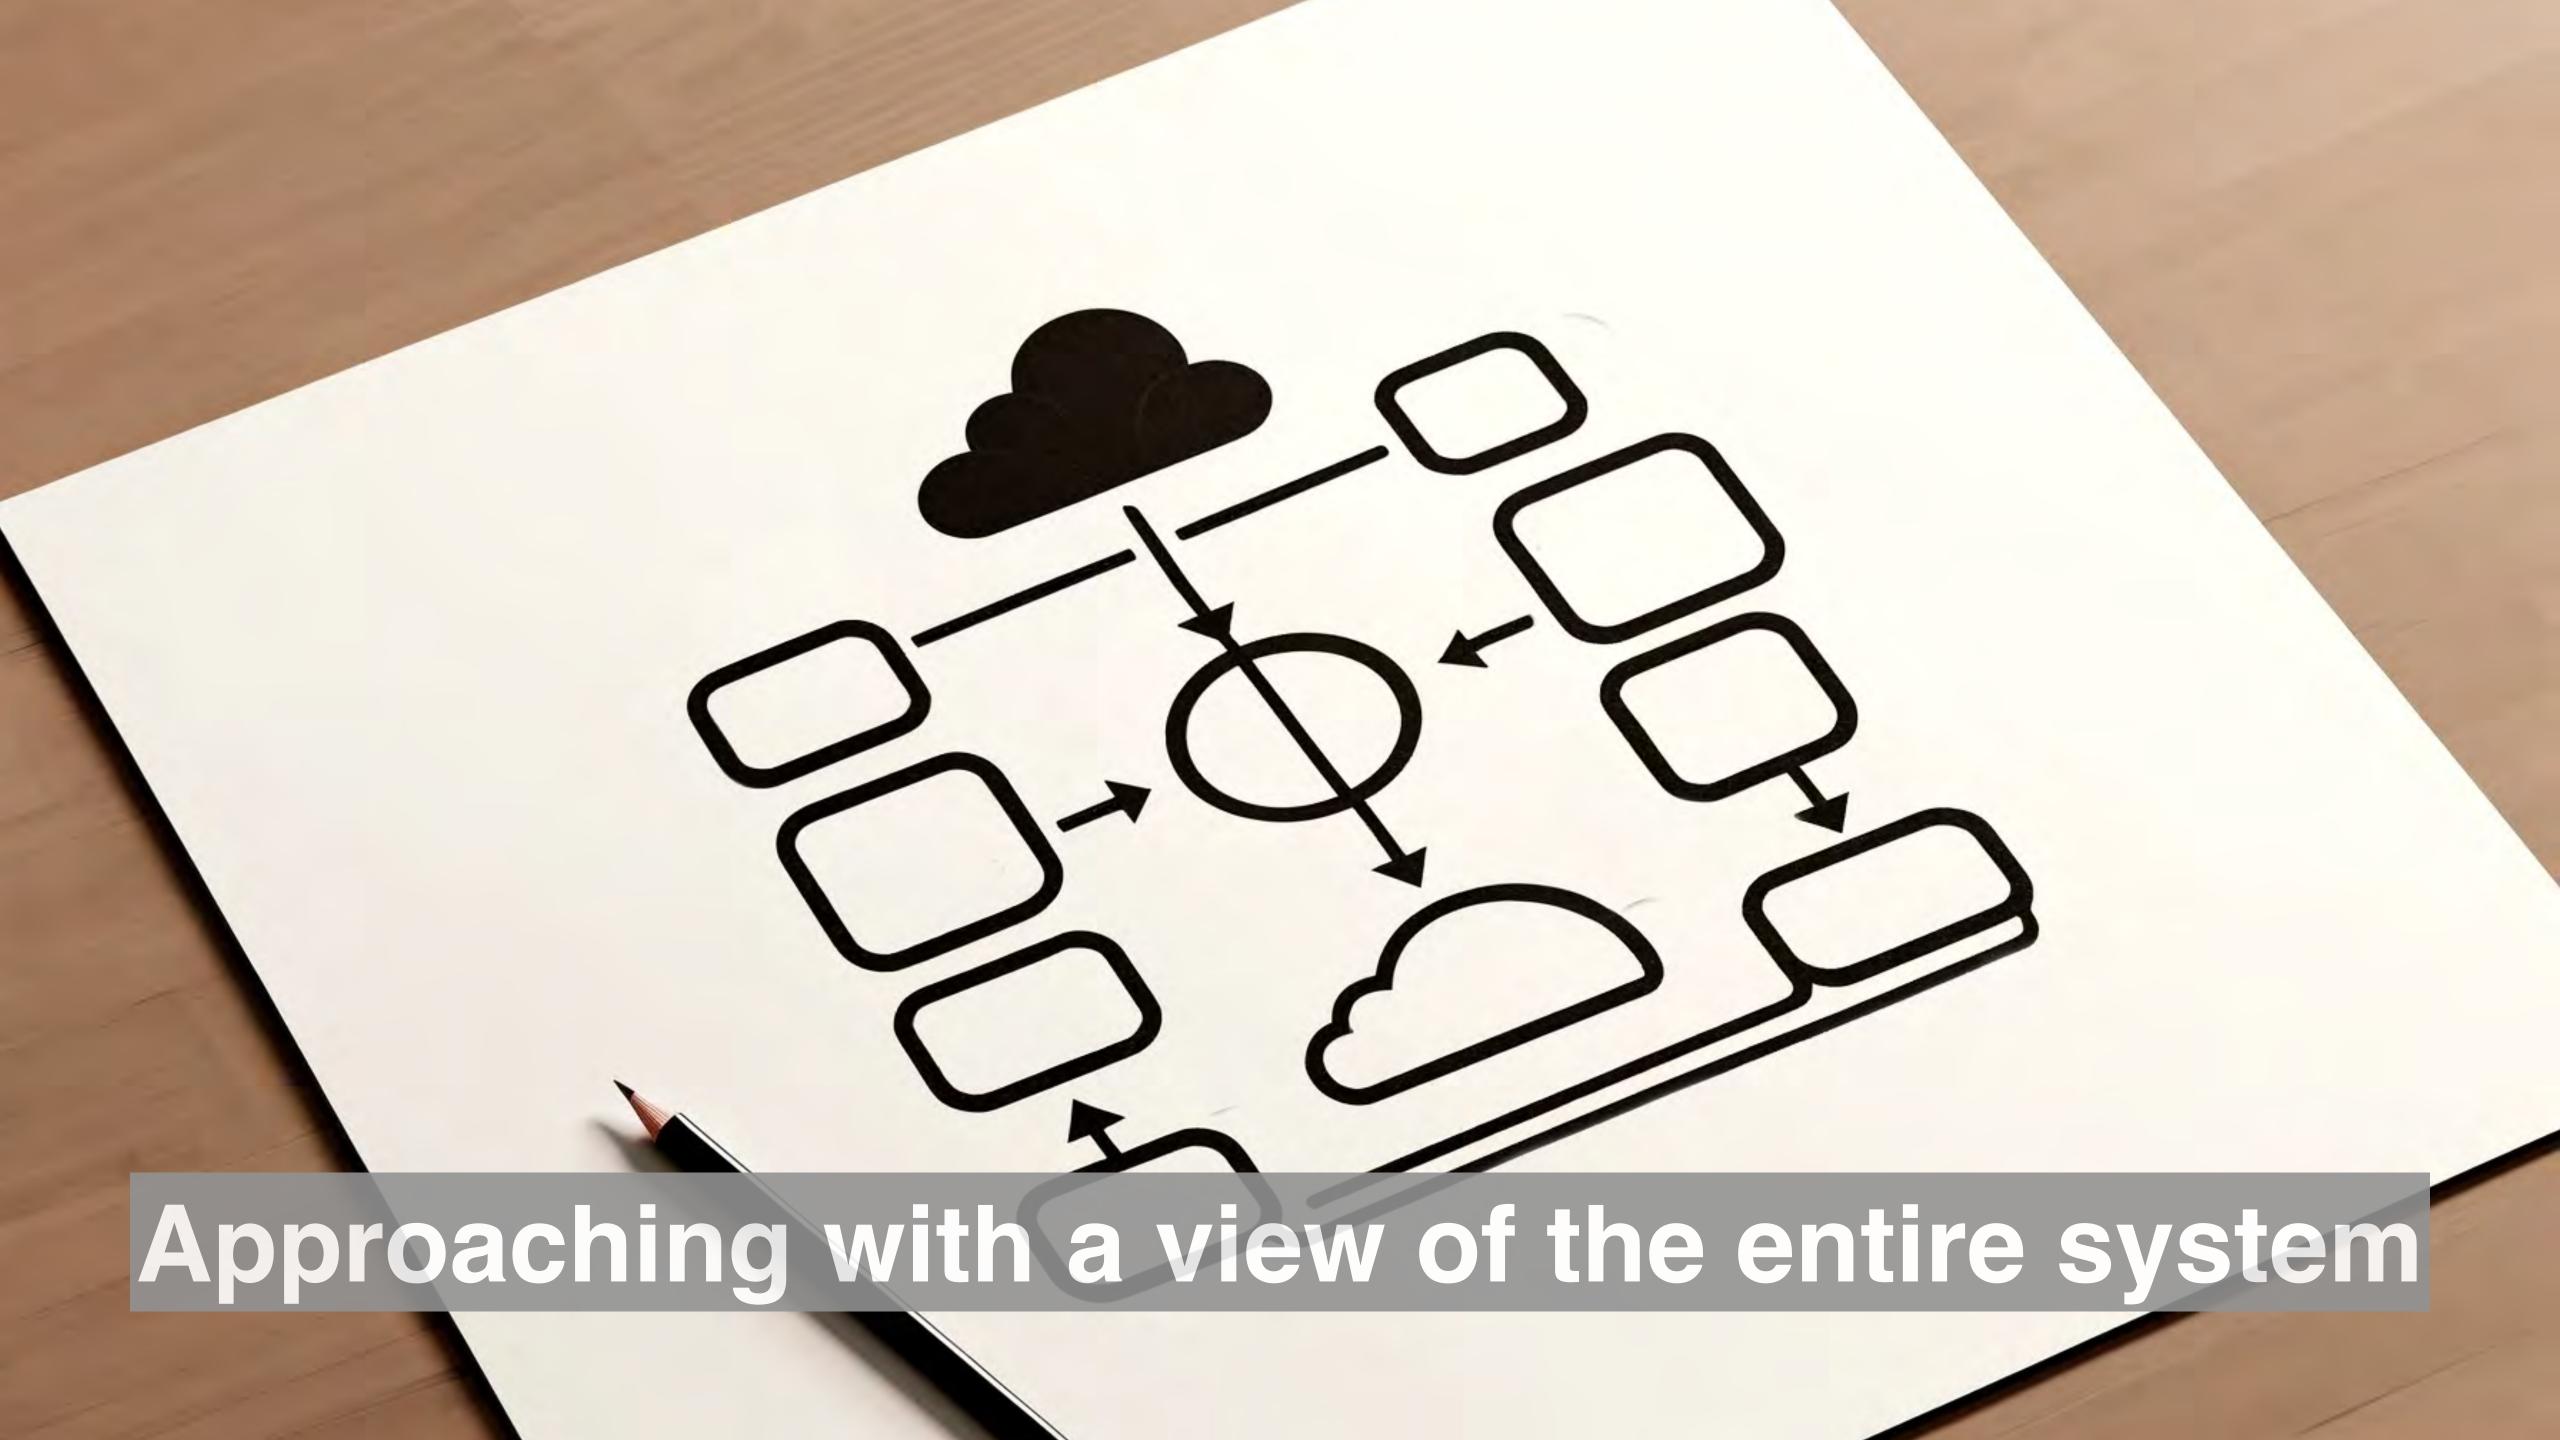

What kinds of events influence them?

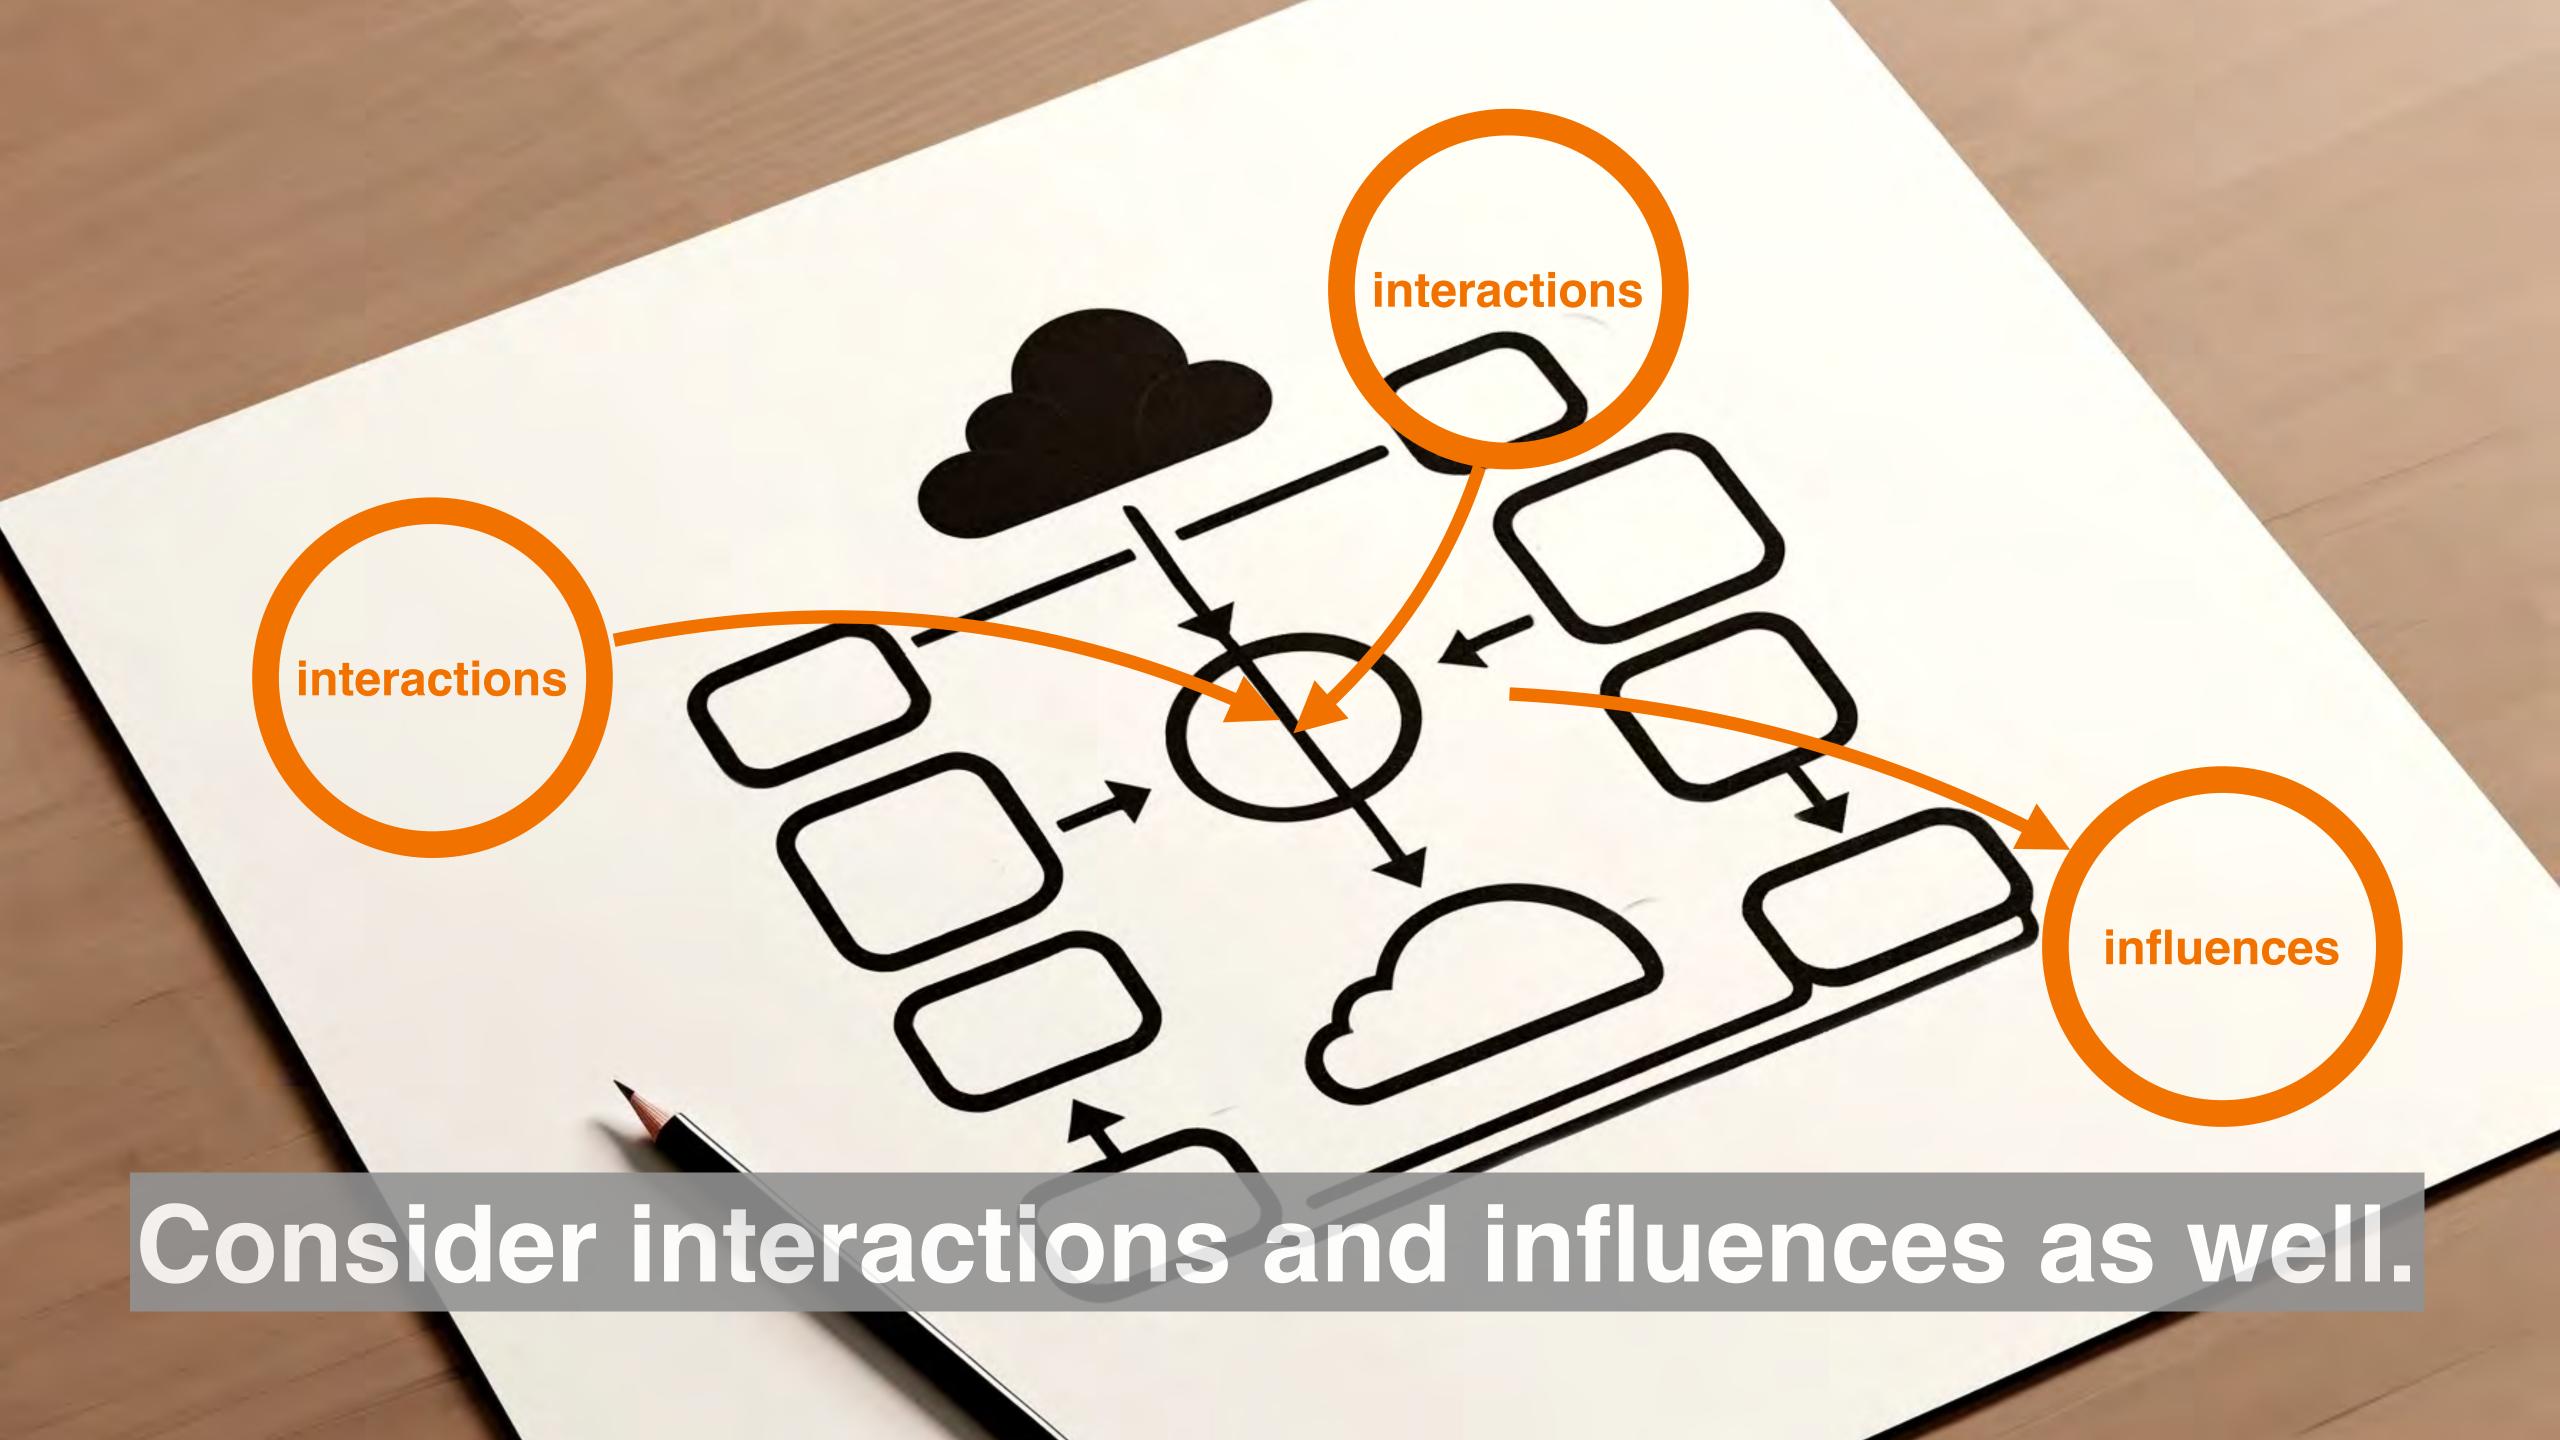

Approaches to Addressing Complex Issues

Perspective of considering the whole comprehensively
